Dear Sir

I would like to draw your attention to the ongoing problems we are experiencing with the above premises,

I have on many occasions had cause to contact the manager with regard to the noise outside of the front of the building when people are outside smoking.

I enclose a copy of a letter sent to me from one of my tenants back in December,

I have tried to keep this amicable but it is escalating.

I have people being sick and urinating in my side alleyway on a regular basis I have to sweep up all the cigarette butts which are strewn across my property every day,

I have recently painted the front window sills to find cigarette burns on them.

I now find out they are applying to allow people back into the premises after 11 o'clock which was a condition of the licence that access and re-entry was not allowed

I have tenants above who have school age children who are dreading the summer when they have windows open at night as the bedrooms are above the front of the building.

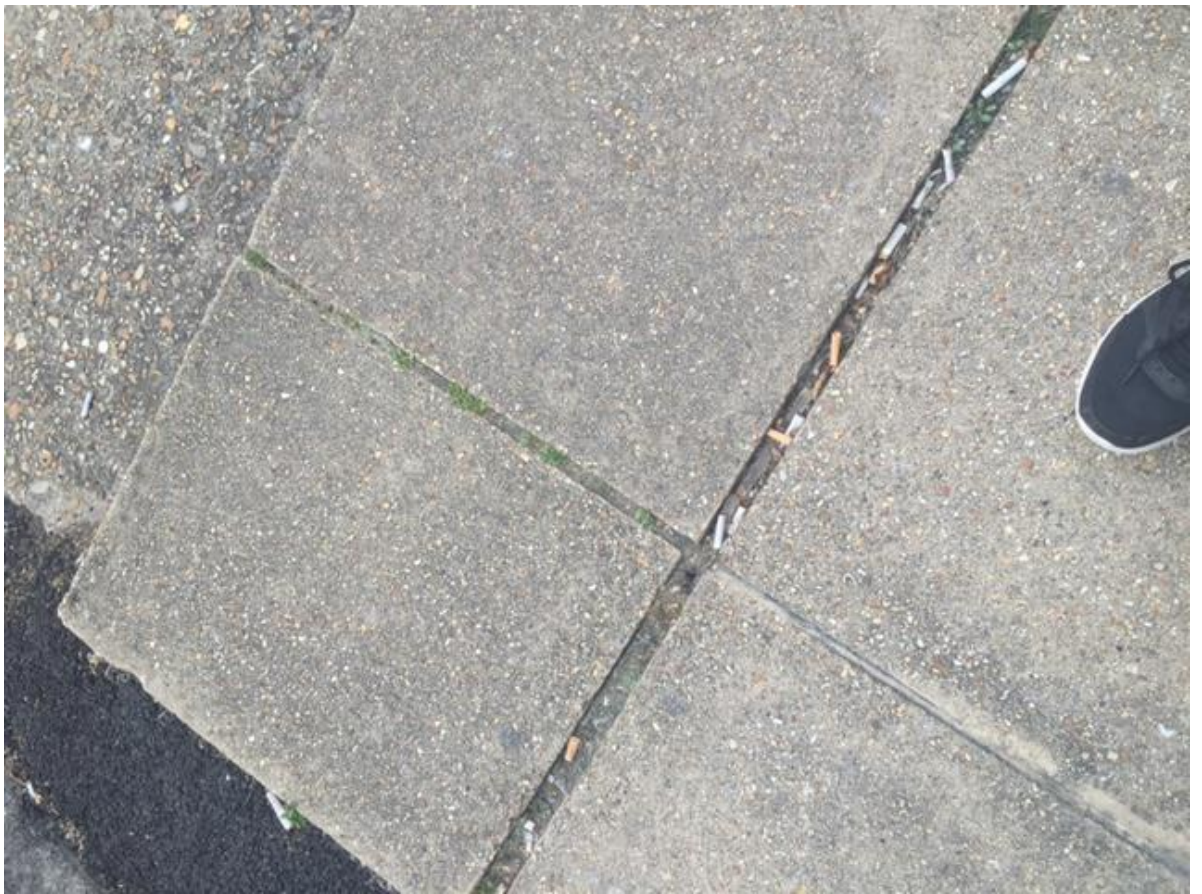

I would like to know what I can do to object to the change in the licence conditions.

The document displayed in the window of the premises has no ref or date to appeal by

I will attach pictures of the condition of the front of my shop after a night of people smoking outside

Thank you

Dear Sir / Madam

I am writing this letter to you to oppose the extension that Kasia's are applying for which is a later planning time. Things are bad enough as they are; We have men urinating in the alley between The Floor Shop and Northwoods also behind the back of where I live and people leaving their BEE BOTTLES Everywhere. Also the noise is unbearable I hear the music over my television and when people are leaving the shouting and slamming of car doors are unbearable. How would you like all of this happening outside your place of residence especially when you are

trying to get some sleep. My  
day is long enough as it is I have  
a 28 year old Down Syndrome Son  
who does not sleep very well as it  
is. So try putting yourselves in  
all of our shoes and see if you  
could put up with all the noise.  
If Kassia's want a late night of  
clubs are supposed to be in the  
fair not a residential area of  
Dayton. Are there no morals  
anymore. If anymore problems  
arise not only will environmental health  
be informed. So will the Evening News  
something drastic needs to be done.

Yours, Sweethey

P.S. Also The Parking of Cars  
on double yellow lines by  
People visiting Kassia's.
