Subject: Licensing of 80-82 Osborne Road

Good Morning Debra

This is a reply to an email you sent to my partner Karin Gayton

Our family lives directly above at 82A Osborne Road and we believe that Kassia wish to open 7 days a week from 9am to between 1am and 3am with live music, this we feel will cause problems as we will have a shared access and may have members of the public intruding. There are several bars and restaurants along Osborne Road and as people choose to smoke outside these places we feel we will have the same problem and as our living room and bedroom are at the front we will not be able to have our windows open because of the smell.

The noise and disruption that a 3am music and alcohol would cause leaves us with no alternative than to lodge an objection. building work has started as I am writing this
