Re Kassia "Cocktail and Indian Tapas" bar/restaurant
80 - 82 Osbourne Road
Southsea

For the attention of the Licensing Manager.

Dear Sir or Madam,

As residents of Ashby Place, we are seriously concerned about the application which has been made for this new 'restaurant' to be granted an extension to the existing alcohol licence to allow **very late night drinking**, coupled with an entertainments licence for both recorded and Live music.

As our **HOME** is very close to these premises, approx. 15 meters, we feel that we must object in the strongest possible terms to the granting of a late night drinking and entertainment licence until 1a.m Sundays to Wednesdays; 2a.m Thursdays and **3a.m Fridays and Saturdays.**

This premises is **surrounded** by residential properties and, if the licence is granted, the following points will need to be addressed:

a) Adequate sound-proofing of the premises to ensure that the music is **not audible** in the surrounding residential properties;

b) Security Staff to ensure that the Public Footpath leading into Ashby Place does not become an unofficial 'smoking shelter' and or 'urinal' for the premises.

c) That their bins **are stored on their premises** and **not** on the public highway, other than on 'collection day'.

To grant this licence without some fairly stringent restrictions will effectively turn the premises into a mini nightclub, thus further exacerbating the many problems which already have to be endured by the people who **live** in this area..!

Yours Sincerely,
Peter and Paula Rimmer,

3, Ashby Place,
Southsea,
PO5 3NA
