Dear Sir/Madam

Re: Application to vary premises licence at 261 Copnor Road Portsmouth

My wife and I live only 2 doors away from the newsagents and sleep in the front of the house overlooking the pavement that 261 faces.

We are very concerned that loutish behaviour due to drink and drugs and the noise that goes with it, including car door slamming, is going to upset all local neighbours including ourselves.

We would have very disturbed sleep and would worry as to what would happen next if this licence is granted. We are both in our late eighties.

We already have beer cans and food packaging thrown over our wall in front of the house and, on a few occasions, have had people ringing our doorbell in the middle of the night. Beer cans have been left in our front door porch that drops down to the pavement in Winton Road and easily accessible to passers-by.

We already have Tesco selling beers and wine until midnight so it seems strange that the newsagent who closes early on normal days, presumably because of lack of trade, is now wanting to operate 24 hours a day in competition with Tesco, if that is the case.

Yours faithfully.
