

REPORT TO: LICENSING SUB-COMMITTEE 18th JANUARY 2017

REPORT BY: LICENSING MANAGER

REPORT AUTHOR: MR DEREK STONE

**Licensing Act 2003 – Application for variation of a premises licence
Gida, 12 Guildhall Walk, Portsmouth PO1 2DD**

1. PURPOSE OF REPORT

The purpose of this report is for the Committee to consider an application for the variation of a premises licence under the Licensing Act 2003 ("the Act"). The matter has been referred to the Committee for determination following formal representations being made by responsible authorities namely the Chief Officer of Police and the Licensing Authority.

2. THE APPLICATION

The variation application has been made by the current licence holder Mrs Minoo Sefidan for the premises situated in Guildhall Walk, which is within the special policy area (See Paragraph 13.1 to 13.6 together with supporting information at appendix B page 33 of Portsmouth City Council's Statement of licensing policy.)

The applicant has requested that the licence be varied in respect of the above premises so as to permit the extension of opening hours. Currently the premises open Monday to Sunday from 08:00 to 03:30 with late night refreshment authorised from 23:00 until 03:30 daily. The applicant wishes to extend the late night refreshment hour and opening hour until 05:00 daily.

3. BACKGROUND INFORMATION

This application has been submitted in accordance with the provisions of Part 3 of the Act and associated Regulations.

A copy of the variation application is attached as **appendix A**.
A copy of the current premises licence is attached at **appendix B**.

I can confirm that public notice has been given by way of press notice, premises notice and local ward councillors have been informed. There are no grounds therefore for the committee to reject the application for non-compliance with the advertising requirements prescribed by the act and regulations.

Gida has operated in Guildhall Walk since 2000 with little concern apart from an environmental prosecution in 2015 (See officer note below) and a recent breach of the premises licence in October 2016, where the venue was operating after its authorised hour for trading. Having been advised regarding their operating hours, an application for a change in operating hours was submitted. Both the Licensing Authority and the Chief Officer of Police say this has failed to adequately demonstrate that the proposed variation will not have a negative impact on the promotion of the licensing objectives in particular the prevention of crime and disorder and the prevention of public nuisance.

4. OPERATING SCHEDULE – PROMOTION OF LICENSING OBJECTIVES

The applicant has completed their operating schedule at page 16 A and 16 B of the application. However the representations made by the two responsible authorities object to the application on the grounds that the applicant has failed to adequately demonstrate that the proposed measures are sufficient to negate any cumulative impact. These objections are on the grounds of prevention of crime and disorder and the prevention of public nuisance, as evidenced by the Chief Officer of Police in relation to incidents recorded within the cumulative impact zone.

Officer note:

At page 16 A point 2 in the application, this is factually incorrect, as on 13th October 2015 at South East Hampshire Magistrates Court Minoo Sefidan was prosecuted by Portsmouth City Council Environmental Health department for a number of food hygiene and environmental pollution matters and was fined in excess of £10,000 and prohibited from operating the then business namely Megabite Limited.

5. RELEVANT REPRESENTATIONS BY RESPONSIBLE AUTHORITIES

There are two representations submitted by statutory responsible authorities namely PC Rackham on behalf of the Chief Officer of Police and Nickii Humphreys Licensing Manager, Portsmouth City Council. Attached to the police representation (police appendix A) is data showing recorded incidents within the SPA between 24/07/15 to 24/07/16

All representations are attached at **appendix C**.

Para 9:11

Responsible authorities under the 2003 act are automatically notified of all new applications. While all responsible authorities may make representations regarding applications for licences and full variation applications, it is the responsibility of each responsible authority to determine when they have appropriate grounds to do so.

Para 9:12

In their role as a responsible authority, the police are an essential source of advice and information on the impact and potential impact of licensable activities, particularly on crime and disorder objective. The police have a key role in managing the night-time economy and should have good working relationships with those operating in their local area. The police should be the licensing authority's main source of advice on matters relating to the promotion of the crime and disorder licensing objective, but may also be able to make relevant representations with regard to the other licensing objectives if they have evidence to support such representations. The licensing authority should accept all reasonable and proportionate representations made by the police unless the authority has evidence that to do so would not be appropriate for the promotion of the licensing objectives. However it remains incumbent on the police to ensure that their representation can withstand the scrutiny to which they would be subject at a hearing.

Para 9:20

Where a local authority's Director of Public Health in England exercises its functions as a responsible authority, it should have sufficient knowledge of the licensing policy and health issues to ensure it is able to fulfil those functions. If the authority wishes to make representations, the DPH will need to decide how best to gather and coordinate evidence from other bodies which exercise health functions in the area, such as emergency departments and ambulance services.

Para 9:21

Health bodies may hold information which other responsible authorities do not, but which would assist a licensing authority in exercising its functions. This information may be used by the health body to make representations in its own right or to support representations by other responsible authorities, such as the police. Such representations can potentially be made on the grounds of all four licensing objectives. Perhaps the most obvious example is where drunkenness leads to accidents and injuries from violence, resulting in attendances at emergency departments and the use of ambulance services. Some of these incidents will be reported to the police, but many will not. Such information will often be relevant to the public safety and crime and disorder objectives.

Para 9:22

Health bodies are encouraged to make representations in respect of any of the four licensing objectives without necessarily seeking views from other responsible authorities where they have appropriate evidence to do so.

As a consequence, both responsible authorities and the committee should consider what appropriate steps need to be taken in such cases to promote the licensing objectives. It may be that no extra steps are required.

6. RELEVANT REPRESENTATIONS BY OTHER PERSONS

There are no other representations.

7. POLICY AND STATUTORY CONSIDERATIONS

When determining the application to vary the premises licence the Committee must have regard to:

- Promotion of the licensing objectives which are;
 - prevention of crime and disorder
 - public safety
 - prevention of public nuisance
 - protection of children from harm
- The Licensing Act 2003;

- Judgements of the High Court, (your legal adviser will give you guidance should this become necessary).
- Its Statement of Licensing Policy;
- The statutory guidance issued by the Home Secretary in accordance with section 182 of the Act; and
- The representations, including supporting information, presented by all the parties.

Statement of Licensing Policy

The Statement of Licensing Policy lays down a general approach to the determination of licensing applications and any such application will be considered on its individual merits. Equally, any person permitted by the Act to make relevant representations to the Committee will have those representations considered on their individual merit.

The Committee should consider the fundamental principles set out in its policy, particularly paragraphs 4.6 and 4.7 which are reproduced below:

- 4.6 *Whether or not incidents can be regarded as being “in the vicinity” of licensed premises is a question of fact and will depend on the particular circumstances of the case. In cases of dispute, the question will ultimately be decided by the courts. In addressing this matter, the Licensing Authority will primarily focus on the direct impact of the activities taking place at the licensed premises on members of the public living, working or engaged in normal activity in the area concerned.*
- 4.7 *Licensing law is not the primary mechanism for the general control of nuisance and anti-social behaviour by individuals once they are away from the licensed premises and, therefore, beyond the direct control of the individual, club or business holding the licence, certificate or authorisation concerned. Nonetheless, it is a key aspect of such control and licensing law will always be part of the overall approach to the management of the evening and night-time economy in town and city centres.*

The Committee should also have regard to paragraphs 7.1 to 7.6 in relation to such circumstances where it may be appropriate to consider the imposition of conditions on a premises licence.

Statutory Guidance

The updated statutory guidance issued by the Home Secretary in accordance with section 182 of the Act, which came into force in March 2015, refers to the consideration of applications for the grant or variation of premises licences in Chapter 9.

Members may wish to consider the following extracts from the statutory guidance when determining this application:

Para 9.36

"... As a matter of practice, licensing authorities should seek to focus the hearing on the steps considered appropriate to promote the particular licensing objective or objectives that have given rise to the specific representation and avoid straying into undisputed areas. A responsible authority or other person may choose to rely on their written representations. They may not add further representations to those disclosed to the applicant prior to the hearing, but they may expand on their existing representation..."

Para 9.41

"Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representation made by the applicant or premises user as the case may be".

Para 9.42

"The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve"

Para 9.43

"Determination of whether an action or step is appropriate for the promotion of the licensing objectives requires an assessment of what action or step would be suitable to achieve that end. While this does not therefore require a licensing authority to decide that no lesser step will achieve the aim, the authority should aim to consider the potential burden that the condition would impose on the premises licence holder (such as the financial burden due to restrictions on licensable activities) as well as the potential benefit in terms of the promotion of the licensing objectives. However, it is imperative that the authority ensures that the factors which form the basis of its determination are limited to consideration of the promotion of the objectives and nothing outside those parameters.

As with the consideration of licence variations, the licensing authority should consider wider issues such as other conditions already in place to mitigate potential negative impact on the promotion of the licensing objectives and the track record of the business.

Further advice on determining what is appropriate when imposing conditions on a licence or certificate is provided in Chapter 10. The licensing authority is expected to come to its determination based on an assessment of the evidence on both the risks and benefits either for or against making the determination."

Para 10:13 (Hours of Trading)

The Government acknowledges that different licensing strategies may be appropriate for the promotion of the licensing objectives in different areas. The 2003 Act gives the licensing authority power to make decisions about the hours during which premises can conduct licensable activities as part of the implementation of its licensing policy statement. Licensing authorities are best placed to make decisions about appropriate opening hours in their areas based on their local knowledge and in consultation with responsible authorities. However, licensing authorities must always consider each application and must not impose predetermined licensed opening hours, without giving individual consideration to the merits of each application.

Para 10.14

"Where there are objections to an application to extend the hours during which licensable activities are to be carried on and the licensing authority determines that this would undermine the licensing objectives, it may reject the application or grant it with appropriate conditions and/or different hours from those requested".

Members may also wish to consider Chapter 11 of the statutory guidance in respect of reviews of premises licences. Paragraphs 11.1 and 11.2 of the guidance states:

Para 11.1

"The proceedings set out in the 2003 Act for reviewing premises licences and club premises certificates represent a key protection for the community where problems associated with the licensing objectives occur after the grant or variation of a premises licence or club premises certificate".

Para 11.2

At any stage, following the grant of a premises licence or club premises certificate, a responsible authority, or other person, may ask the licensing authority to review the licence or certificate because of a matter arising at the premises in connection with any of the four licensing objectives.

Para 13.20 to 13.41

These paragraphs will assist members with regard to the cumulative impact of a concentration of licensed premises.

Para 13:30 in particular states

The effect of adopting a special policy of this kind is to create a rebuttable presumption that applications for the grant or variation of premises licences which are likely to add to the existing cumulative impact will normally be refused or subject to certain limitations, following relevant representations, unless the applicant can demonstrate in the operating schedule that there will be no negative cumulative impact on one or more of the licensing objectives. Applicants should give consideration to potential cumulative impact issues when setting out the steps they will take to promote the licensing objectives in their application.

A copy of the Statement of Licensing Policy, statutory guidance, the Act and the pool of model conditions has been supplied to each of the Members' Rooms and further copies will be available for reference at the hearing.

Determination of an application

Where an application to vary a premises licence has been made in accordance with section 34 of the Act and where relevant representations have been made, the licensing authority must hold a hearing to consider them, unless the applicant, each person who has made representations and the licensing authority agree that a hearing is unnecessary.

After having regard to the representations, the Committee may take such steps, if any, as it considers appropriate for the promotion of the licensing objectives which are:

- To modify the conditions of the licence
- To reject the whole or part of the application

And for this purpose the conditions of the licence are modified if any of them is altered or omitted or any new condition is added.

In discharging its duty in accordance with the above, the Committee may vary a premises licence so that it has effect subject to different conditions in respect of:

- different parts of the premises concerned;
- different licensable activities.

Appeal Provisions

Schedule 5, part 1, of the Act sets out the appeal provisions in relation to the determination of an application to vary a premises licence.

Where the Licensing Authority rejects (in whole or in part) an application, the applicant may appeal against the decision to the Magistrates' Court.

Should the committee grant (in whole or in part) an application, the applicant may appeal against any decision to modify the conditions of the licence.

Where a person who made relevant representations in relation to the application contends that:

- a) that any variation made ought not to have been made, or
- b) that, on varying the licence, the Licensing Authority ought not to have modified the conditions of the licence, or ought to have modified them in a different way, under section 4(a) of that section,

He may appeal against the decision.

GIDA EXPRESS

BASIS AND REASONS FOR SEEKING EXTENSION OF HOURS OF OPENING

1. This business has been operating from the same address (12 Guildhall Walk) continuously since 2000 between the hours of 8.30am and 3.30am. daily, seven days a week except for a 12 week total refurbishment period in Summer 2016.
2. Throughout this 16 year period I have received no complaints or warnings or sanctions from the police or the Council or any official body and no complaints from customers, the public, or nearby residents as to any aspect of the operation of this business.
3. There has been a persisting and growing demand from our customers to continue our service between 3.30am and 5a.m. The reasons for this is that some of our customers need an early breakfast during that time, while others who have worked or are still working a night-shift or have attended a night-club need a late supper.
4. Given the lack of any problems at or from our premises between midnight and 3.30a.m. on the existing opening hours, there is no reason to believe that any problems would be caused by changing our closing time from 3.30am to 5am. We keep good control in terms of order and good behaviour of our staff and customers and there is no reason why there would be any disturbance in the two hours after 3.30a.m. when there is none at 3.30am. or in the previous two hours.
5. My staff are well trained including in ensuring good customer behaviour, good conduct themselves and ensuring everything is legal and in good order. My Manager has been in post at the Premises for the last 7 years so is very experienced in the business, well known to the customers, and familiar with the premises and location. I personally attend at the premises daily and I have over 20 years experience in this business, more than 16 years at this location. The business and premises are therefore well supervised.
6. The premises is served by clearly-visible and well-signed top-of-the-range CCTV. This deters any misbehaviour and provides a reliable record of everything that happens at the premises.

7. We do not serve any alcohol at these premises and have no intention of doing so.
8. There is an additional need for provision of food in Guildhall Walk between 3.30am and 5am following recent extensions to club hours in that area. If people are going to drink at the clubs at that time it is safer and better for them not to do so on an empty stomach.
9. Our establishment does not lead to large congregations or queues outside the premises between midnight and 3.30a.m. but a steady and modest traffic of people. The proposed extension will maintain this and avoid bunching or crowding around 3.30am so that people will not have to hurry or queue at that time to be served before closing time.
10. We have a very good long established relationship with the police and the Council and always work in co-operation with them and we are therefore reliable in that regard.

Notes for Guidance

This application cannot be used to vary the licence so as to extend the period for which the licence has effect or to vary substantially the premises to which it relates. If you wish to make that type of change to the premises licence, you should make a new premises licence application under section 17 of the Licensing Act 2003.

1. Describe the premises. For example the type of premises, its general situation and layout and any other information which could be relevant to the licensing objectives. Where your application includes off-supplies of alcohol and you intend to provide a place for consumption of these off-supplies, you must include a description of where the place will be and its proximity to the premises.
2. Where taking place in a building or other structure please tick as appropriate (indoors may include a tent).
3. For example state type of activity to be authorised, if not already stated, and give relevant further details, for example (but not exclusively) whether or not music will be amplified or unamplified.
4. For example (but not exclusively), where the activity will occur on additional days during the summer months.
5. For example (but not exclusively), where you wish the activity to go on longer on a particular day e.g. Christmas Eve.
6. Please give timings in 24 hour clock (e.g. 16:00) and only give details for the days of the week when you intend the premises to be used for the activity.
7. If you wish people to be able to consume alcohol on the premises, please tick 'on the premises'. If you wish people to be able to purchase alcohol to consume away from the premises, please tick 'off the premises'. If you wish people to be able to do both, please tick 'both'.
8. Please give information about anything intended to occur at the premises or ancillary to the use of the premises which may give rise to concern in respect of children regardless of whether you intend children to have access to the premises, for example (but not exclusively) nudity or semi-nudity, films for restricted age groups or the presence of gaming machines.
9. Please list here steps you will take to promote all four licensing objectives together.
10. The application form must be signed.
11. An applicant's agent (for example solicitor) may sign the form on their behalf provided that they have actual authority to do so.
12. Where there is more than one applicant, each of the applicants or their respective agents must sign the application form.
13. This is the address which we shall use to correspond with you about this application.

Annex 2 – Conditions consistent with the operating schedule

01 The licence holder shall comply with the following requirements concerning the use of CCTV at the premises.

Operation and Storage.

The CCTV system must be fully operational whilst the venue is open to the public. The recording equipment should be stored and operated in a secure environment with limited access, to avoid damage, theft, unauthorised viewing and maintain the integrity of the system. A record should be kept of any access made to information held on the system. The system should be regularly maintained and serviced. The system clock should be checked regularly for accuracy taking account of GMT and BST. Tapes should be changed daily and kept for 31 days before being re used. Tapes should be replaced after 12 usages i.e. annually. Digital systems should have sufficient storage capacity for 31 days good quality pictures.

Access

It is important that the Police are able to access data from the systems quickly and easily and therefore provision should be made for someone to have access to the secure area and also be able to operate the equipment. Ensure all operators receive training from the installer when equipment is installed and that this is cascaded down to new members of staff. Have a simple operator's manual available to assist in replaying and exporting data (particularly important with digital systems).

Dear Licensing Sub-Committee Members

**Re: Licensing Act 2003 - Application to vary premises licence
Gida Express 12 Guildhall Walk Portsmouth PO1 2DD**

I refer to the recent application by Mrs Minoo Sefidan for the variation of the premises licence in respect of Gida Express situated at 12 Guildhall Walk, Portsmouth, Hants, PO1 2DD.

The applicant seeks, by way of variation, to extend the hours for the provision of late night refreshment to 05:00 hours every day for the sale of takeaway food. (The premises are currently licensed to provide late night refreshment until 03:30 hours every day).

On behalf of the Licensing Authority, I would wish to make formal representations in respect of this application on the following grounds:

- Prevention of crime and disorder;
- Prevention of public nuisance.

This representation has been made on the basis that the applicant has failed to adequately demonstrate that the proposed variation will not have a negative cumulative impact on the promotion of the licensing objectives referred to above. In fact, the applicant has made no reference whatsoever in the application to the existence of the cumulative impact policy and has asserted that **"there is no reason why there would be any disturbance in the two hours after 03:30 hours when there is none at 03:30 hours"**

The applicant's summary of the problems with alcohol related disorder, violence and public nuisance directly conflicts with the evidence of the Chief Officer of Police and the Licensing Authority having regard to the adoption of the cumulative impact policy for this particular area.

Continued/.....

As members will be aware, the Licensing Authority has adopted a special policy in relation to cumulative impact and these premises are located within that specific area. As the Statutory Guidance issued by the Home Office under section 182 of the Licensing Act 2003 states:

"the effect of adopting a special policy of this kind is to create a rebuttable presumption that applications for the grant or variation of premises licence which are likely to add to the existing cumulative impact will normally be refused or subject to certain limitations".

I have given consideration to the circumstances of this particular application on behalf of the Licensing Authority and, specifically, whether there is any justification for departure from the special policy presumption in this case. Those matters taken into account are as follows:

- The applicant has not demonstrated to any extent in the operating schedule that there will be no negative impact cumulative impact on one or more of the licensing objectives;
- The evidence submitted by the chief officer of police clearly demonstrates that crime and disorder and public nuisance is prevalent in this area, particularly between the hours of 20:00 and 06:00 every day;
- The Licensing Authority is currently in the process of considering an application for the review of a premises licence for the provision of late night refreshment in the vicinity of the applicant's premises which, by opening without the necessary authorisation after 03:00 hours, has given rise to incidents of violence and disorder in the vicinity of the premises which has had a detrimental impact on the general area.

Given the above considerations and the existence of the special policy area, I have concerns that the grant of this application will have a negative effect upon the promotion of the licensing objections and would therefore request that the application to vary the premises licence is refused.

Yours sincerely

Dear Sir/Madam

Re: Application for a Variation of Premises Licence, Gida Express, 12 Guildhall Walk, Portsmouth, PO1 2DD

On Behalf of the Chief Officer of Police, I make representations in relation to the application for a variation of premises licence at Gida Express, Guildhall Walk, Portsmouth.

I make these representations under the grounds of:

- 1) The prevention of crime and disorder

Gida Express

Gida Express is a late night takeaway premises in Guildhall Walk. It is licensed under the Licensing Act 2003 to provide late night refreshment between 23:00 – 03:30 hours Monday – Friday.

The premises has been open for a number of years and the premises licence holder and applicant for this variation is Minoo Sefidan.

Entry is via a single door from Guildhall Walk. Inside is a small customer waiting area, behind which is a kitchen area where hot food is prepared by staff.

Due to its location the premises is popular with persons leaving licensed premises in the area to obtain hot food prior to going home.

The premises is located centrally in a Cumulative Impact Zone.

Licence Conditions

Gida Express currently has very few meaningful conditions on its premises licence. The only condition attached to the premises licence refers to CCTV.

General Working Relationship with the premises

Historically there has been a positive working relationship with the premises. However this is partly due to the lack of reported incidents to the Police.

In October 2016 the applicant was spoken to regarding one occasion where the premises was open past its permitted hours and continued trading and providing hot food and drink. The applicant apologised and stated that it was due to a mistake made by staff on the night and that once the applicant had noticed she had resolved the issue.

No further incidents of this nature have been noted by the Police.

Pre Application Contact November 2016

The applicant has met with the Police prior to submitting this application in accordance with Home Office Guidance.

During this meeting it was explained to the applicant that the premises was in a cumulative impact zone and that due to this it would be incumbent on the applicant to show that by opening there would be no negative cumulative impact on the area. It was also explained that this was due to historically there being a large amount of violent crime and disorder incidents within this area which were disproportionate to the day time and which were at their peak during the time the applicant wished to open.

Due to the increase in incidents within the CIZ it was suggested that the applicant consider the following to be placed onto the licence:

- Changing the CCTV conditions to bring them up to date and include a condition to ensure that staff were on site after 23:00 hours till close who could operate the CCTV and supply a copy of it to Police or the licensing authority.
- Provision of door staff from 23:00 hours until close of the premises.
- Use of Body Worn Camera by door staff
- Having a set number of staff on site to cope with demand including a manager to ensure the premises operate in a way which supports the licensing objectives

It was impressed on the applicant during this meeting that it was essential these measures were considered in order to show to the Licensing Authority the measures the applicant was willing to take to prevent crime and disorder at the premises and not contribute cumulatively to crime and disorder in the area.

Application submitted in November 2016

In November 2016 the applicant submitted the major variation to the Police Licensing Team.

Main Changes

- Changing of hours to open until 05:00 hours from 03:30 hours.

Proposed changes to the premises licence

www.hampshire.police.uk

Deaf? Non-emergency text **07781 480999**

For crime and community information www.hampshirealert.co.uk

The applicant does not appear to have proposed any changes to the premises licence which will demonstrate how they will support the licensing objectives in an area with a disproportionate higher incident level of violent crime in the night time compared to the day.

Cumulative Impact Zone

Set up in 2010 to combat the increase in violence in the NTE in the Guildhall Walk area which culminated in two tragic deaths as a direct result of violent incidents within licensed premises.

The Cumulative Impact Zone restricts the application for new licensed premises within the area and also restricts the application for an extension of hours for existing premises. It does this by putting the onus on the applicant to show that any application will not impact negatively on the licensing objectives rather than the usual process of the onus being on the person who makes the representation.

Following a successful application by another premises in the immediate area to extend their opening hours, a decision was made to revisit the figures and continue with the CIZ. This was performed in 2014.

It is also important to note that over the next two years a number of student living accommodations are to be opened within walking distance of the premises. This will undoubtedly increase the foot fall to the CIZ and potentially as a result increase the likelihood of crime and disorder. This risk is increased where a premises will trade later without any measures in place to prevent crime and disorder.

Annex A

This details the crime statistics within the CIZ , those directly attributable to the applicants premises and those which are directly attributable to similar type premises (Late night refreshment).

CIZ Figures

The main points for the CIZ figures are as follows:

- Distinct increase in violent crimes between the day time and night time economies within the same area with the NTE showing higher levels of violence by almost 50% in some cases. This indicates that there is a clear issue with violence between 20:00 and 06:00 hours being more than the day time, every single day of the week in the area.
- Violence is at its peak between 20:00 – 06:00 hours Friday and Saturday (when the applicant wishes to extend their own hours for an extra 2 hours until 04:00 hours in the morning)
- Police figures also show that violent crime has been reduced since the implementation of the CIZ. However these figures also show that violent crime is still an issue within the CIZ, particularly within the late night/early morning hours.
- In the last year violent crime has risen a small amount. Currently it is not known whether this is due to an increase in footfall as the economy begins to pick up, a change in reporting crime by the Police or both.

**HAMPSHIRE

Gida Express

Police figures show that there are no directly attributable incidents to the premises. However the premises sits centrally within the CIZ and whilst figures do not show incidents occurring at the premises, there are incidents of crime and disorder which occur in the immediate vicinity of the premises. Therefore on the balance of probabilities should the premises remain open later and with no real measures imposed to minimise the risk of crime and disorder, there will be a very real chance that this will impact cumulatively on the area.

When taking into account the incidents attributed to the CIZ by other premises open late and providing late night refreshments the following is noted:

- Similar premises to the applicant have incidents of crime and disorder.
- These incidents are predominantly after 23:00 hours with almost none prior to this.
- These incidents account for 0.60% of all incidents within the CIZ over a 24 hour period.
- The incidents account for around 1.4% of all incident within the CIZ during the night time economy hours.

Summary

Following this information the Chief Officer of Police has concerns with regards to the application and from the information to hand, does not feel that the granting of the variation, as it stands, will promote the licensing objectives. The Chief Officer of Police also believes that the application as it stands fails to adequately demonstrate that there will be no negative cumulative impact on the area. This is for the following reasons:

- The figures provided in Annex A show a higher proportion of violent crime at the time the applicant wishes to increase their hours. The figures show that there is a clear issue with violence between 20:00 – 06:00 hours every day of the week and that this is higher than the day time hours. Should this application be granted then there is a very real risk that there will continue to be further incidents of violence between these times.
- Whilst incidents relating to the premises itself over the last 12 months are non existent the incidents attributable to similar premises within the CIZ are responsible for 1.4% of all incidents during the night time hours. This shows that there is more likely to be incidents of crime and disorder during the hours the applicant wishes to extend to.
- The applicant wishes to trade after other premises are closing. This will cause more footfall at the premises than currently is now as there will be around 2000+ persons theoretically leaving premises to seek hot food prior to going home. As such one can argue that this will result in more incidents at the premises causing a negative cumulative impact.

The Chief Officer of Police also has concerns around the distinct lack of information offered by the applicant as to what measures will be taken to prevent a negative cumulative impact on the area.

The Chief Officer of Police cannot see any of the measures advised to the applicant in the pre application stage. This is concerning as the applicant does not appear to have taken on board the advice of the Chief Officer of Police. Not providing door staff will in the opinion of the Chief Officer of Police lead to a negative cumulative impact as there will be no one to identify issues and then deal with them. The fact that from 03:00 hours many of the premises begin to close will

**HAMPSHIRE

lead to a large portion of persons attending the premises, this will lead to issues as people queue for food and there will be no one to monitor customers and ensure that they are safe.

Portsmouth City Councils statement of licensing policy states that:

“The Licensing Authority, therefore, will normally refuse the grant of new premises licences or club premises certificates or variations whenever it receives relevant representations about the cumulative impact on the licensing objectives which it concludes after hearing those representations should lead to refusal”

Given that the applicant wishes to open the premises during a time identified as being at higher risk of violence and that the applicant has not stated what measures they will take to minimise the risk of violent incidents from occurring at the premises (other than trading with no change to its current operating schedule), The Chief Officer of Police is not satisfied that in its current format, the granting of this application will not have a negative cumulative impact on the area.

As such the Chief Officer of Police respectfully recommends that this application is refused.

Yours Sincerely
