

St Mary's MIU/MAU data for HOSP meeting March 2017

Created by Sharon Carpenter, Data
Quality Manager

Intro

To Note

- By looking at the CCG information for our registered patients we have mapped the volumes of patients coming from those areas
- We have looked at the postcode areas where the registered patients live, however they could be registered with a GP in another CCG area.

St Mary's NHS Treatment Centre

- Between January and December 2016, the MIU/MAU saw over 53,000 patients
- 55% of the Centre's patients from 2016 were seen following the start of the GP walk-in service

CCG Areas from which SMTC MIU patients are registered with their GPs

Which Areas make up our Patient Population at SMTC

Top Ten CCGS by volume of patients

- 1 Portsmouth CCG
- 2 South Eastern Hampshire CCG
- 3 Fareham & Gosport CCG
- 4 NO REGISTRATION
- 5 West Hamshire CCG
- 6 Coastal West Sussex CCG
- 7 Southampton CCG
- 8 NHS England
- 9 Dorset CCG
- 10 North East West Devon

NO REGISTRATION- patients who have NHS Numbers but who are not registered with a GP and overseas visitors

Changes to our Patient Population Post-WIC at SMTC

Top Ten CCGs percentage increase in Volumes post WIC
