

OBJECTION TO APPLICATION BY BECKETTS, BELLEVUE TERRACE FOR PREMISES LICENCE

We, the undersigned, strongly object to the application for a premises licence by Becketts, Bellevue Terrace, for several reasons including noise from the music, noise from people sitting chatting at outside tables on the pavement into the early hours, possible anti-social behaviour due to the late opening hours (noise carries upwards and is very loud)...noise from cars leaving in the small hours... Elderly people live in very close proximity - across the road - and university students live in the adjacent hall of residence. This is a residential area and parking in this vicinity is very problematic.
