Hi Rocky

Jason told me that Thines only managed an off-licence in Gregson Avenue, Gosport. He is not the premises licence holder or DPS. In September 2016 the premises failed a TPO. The police wanted to interview the management and Thines said he was managing the premises in the absence of the PL and DPS. He did not serve the under aged customer and was not present.

In April 2017 the premises failed their test but again Thines is not responsible as not being the PL or DPS.
