**Subject:** APPLICATIONS FOR THE GRANT OF SEXUAL ENTERTAINMENT VENUE LICENCES. WIGGLE

Dear Nickii

APPLICATIONS FOR THE GRANT OF SEXUAL ENTERTAINMENT VENUE LICENCES. WIGGLE

Please could you be kind and send me the Equality Impact Assessment for the adoption of the Sex Establishment policy that PCC finalised in October 2013?

Was it a preliminary or full impact assessment?

I understand that the Committee is bound, in considering these sev applications, to have continuing regard to legislation, its own policy, representations received when determining an application. Equally, they must consider an application on individual merit.

Please can I ask that the Committee is particularly reminded, refreshed that "the legislation" includes statutory continuing regard under The Equality Act; The impact, the unintended unfair consequences that this sev may have on protected groups in the family neighbourhoods / mixed shops in question.

Approving a 4am premises license sets a precedent which will change the nature of the nighttime economy, security, well being and public health in Albert Road and close-by neighbourhood.

Best wishes

**PO4**
