What is the annual governance statement?

Legislation¹ requires local authorities to prepare and publish an Annual Governance Statement, in order to report publically on the effectiveness of the Council's governance arrangements. The statement provides an overview of the current governance framework and a summary of the review on the effectiveness of Portsmouth City Council's governance framework for 2013/2014 (which coincides with the approval of the annual statement of accounts). The statement openly communicates significant governance issues that have been identified during the review and sets out how the authority will secure continuous improvement in these areas during over the coming year.

What do we mean by governance?

By governance, we mean the arrangements that are put in place to ensure the intended outcomes for local people are defined and achieved. It comprises the systems and processes, cultures and values, by which local government bodies are directed and controlled. Good governance is about making sure the Council does the right things, in the right way for the right people, in a timely inclusive, open, honest and accountable manner.

Scope of responsibility

Portsmouth City Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded, properly accounted for and used economically, efficiently and effectively. It also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness. In discharging this overall responsibility, Portsmouth City Council is responsible for putting in place proper arrangements for the governance of its affairs, and facilitating the effective exercise of its functions, which includes arrangements for the management of risk.

About Portsmouth and the Council

Home to the Royal Navy, Portsmouth is a bustling island city on the south coast of England, with an estimated population of 207,000 people residing within 15.5 square miles. This makes Portsmouth the most densely populated City in the UK outside of London. There are over 85,500 households and 5,500 businesses in Portsmouth.

Portsmouth's Council comprises of 42 Councillors (19 Lib Dem Councillors and 1 unaligned Lib Dem Councillor, 12 Conservative Councillors, 6 UKIP Councillors and 4 Labour Councillors) who represent 14 wards across the City. It operates a minority administration under a Leader (Cllr Donna Jones, Conservative²) and Cabinet structure with Cabinet Members responsible for individual portfolios.

The Council employs around 4,000³ members of staff and provides an extensive range of services to residents, businesses and visitors in the City, including: city development and cultural services, regulatory business and standards services, transport and environmental services, housing and property services, children's and adult's social care and safeguarding, education services, revenues and benefits and health and welfare services.

CIPFA/SOLACE Good governance principles and the local code of governance

In 2007 CIPFA/SOLACE issued best practice guidance for 'Delivering Good Governance in Local Government'⁴. The framework sets out six principles that should underpin the governance of each Local Authority. Portsmouth City Council has approved and adopted a local code of governance, which is consistent with the CIPFA/SOLACE good governance principles. The code summarises the Council's internal arrangements that have been put in place to ensure effective governance and includes hyperlinks to supporting documentation. A copy of the authority's code can be obtained from the Council. The following sections look at how the Council is held to account for these six principles.

1-Focusing on the purpose of the authority and on outcomes for the community and creating and implementing a vision for the local area.

Organisational goal and aspirations for the City

Portsmouth City Council; working together to shape the great waterfront city

Portsmouth City Council has a shared organisational goal (above), which is designed to be simple, reflecting the fact that although we are a diverse organisation, everything the council does is designed to make the city a better place and improve life for our residents. Over the last year, the Council has developed a new corporate plan on a page, which sets out the aspirations for a City that:

- has a sustainable economy that delivers regeneration and inward investment, creates opportunities and drives prosperity for all residents;
- has high quality homes;
- is great place to live that makes best use of our natural assets and supports a vibrant and diverse culture;
- offers excellent education and training so all residents can achieve their full potential;
- protects and supports vulnerable residents, encourages independence and enables them to achieve their full potential; and
- keeps residents healthy and the city safe.

Guiding principles

The organisational goal is supported by the following nine corporate principles:

- | | | |
|---|--|--|
|  put customers first |  use evidence to shape services |  support councillors as strategic leaders |
|  provide value for money |  simplify, strengthen and share processes |  value and support staff |
|  be ambitious |  get it right first time |  listen and learn |

Business planning and performance management

In order to secure these outcomes for residents and service users, the Council needs to respond to some tough challenges. In the last five years Portsmouth City Council has made £60m of efficiencies and savings but has another £30m more to find by 2016/17 in a climate of rising demand for many of the Council's services. This means that it is important that, whilst we focus on achieving the organisational goal and aspirations, we plan services in detail on an annual basis, focusing on challenges over the coming year but also considering the medium term horizon.

Heads of Service are responsible for preparing business plans that include detail on: core business that must be delivered; plans for improvement, development and disinvestment; financial planning; arrangements for addressing key governance issues; key service risks and management/mitigation activity and arrangements for robust performance management within the service. As part of the business planning process, services have been asked to review the relationship between service expenditure and performance and participate in benchmarking exercises to ensure best use of resources and value for money. All Business Plans for 2014/15 will be formally agreed by the Portfolio Holder and are being monitored on a quarterly basis by the respective Strategic Director, with a stronger focus on accountability at Head of Service level for service performance, and concentration on cross-cutting issues at the level of corporate management.

2-Members and officers working together to achieve a common purpose with clearly defined functions and roles.

The Constitution

The constitution⁵ sets out the how the Council operates; the roles and responsibilities of members, officers and the scrutiny and review functions; how decisions are made; and the procedures that are followed to ensure that these are efficient, transparent and accountable to local people. Although there is no longer a statutory requirement, Portsmouth City Council has taken the decision to continue with this arrangement internally and is in the process of updating the constitution to ensure it reflects current practice. As well as working together as a single organisation, it is important that members and officers continue improve their working relations with other organisations too, both locally and sub-nationally, to achieve a common purpose of improved efficiency and effectiveness.

The Monitoring Officer

The Monitoring Officer (Michael Lawther) is a statutory function and ensures that the Council, its officers, and its elected members, maintain the highest standards of conduct in all they do. The Monitoring Officer is assisted when required by appointed deputies. The Monitoring Officer ensures that the Council is compliant with laws and regulations, as well as internal policies and procedures. He is also responsible for matters relating to the conduct of Councillors and Officers, and for monitoring and reviewing the operation of the Council's Constitution.

Section 151 Officer

Whilst all Council Members and Officers have a general financial responsibility, the s151 of the Local Government Act 1972 specifies that one Officer in particular must be responsible for the financial administration of the organisation and that this Officer must be CCAB qualified. This is typically the highest ranking qualified finance officer and in Portsmouth City Council this is Chris Ward, who is also the Head of Finance.

⁵ A copy of the constitution can be found at <https://www.portsmouth.gov.uk/ext/the-council/policies-and-strategies/constitution.aspx>

3-Promoting the values for the authority and demonstrating the values of good governance through upholding high standards of conduct and behavior.

Codes of conduct

On joining the Council, members and officers are provided with a contract outlining the terms and conditions of their appointment. All staff must sign a code of conduct and declare any financial interests, gifts or hospitality on a public register. Additionally, members are expected to declare any interests at the start of every meeting that they attend in accordance with Standing Orders. Members and officers are required to comply with approved policies. In the last 2 years, the Council has introduced a system called Policyhub that enables effective dissemination of general and job-specific policies, and has the built in functionality to measure compliance i.e. that a member of staff has read and agreed to the policy.

Ways of working

Portsmouth City Council has developed 'ways of working' as a tool to help staff manage themselves and others, evaluate performance and recruit new staff. Whilst members and officers are monitored on their standards of conduct and behaviour throughout the year, managers are required to hold good quality Personal Development Reviews with all of their staff on an annual basis, including a discussion on the ways of working.

Financial management

The Head of Finance and s151 Officer is responsible for leading the promotion and delivery of good financial management so that public money is safeguarded at all times, ensuring that budgets are agreed in advance and are robust, that value for money is provided by our services, and that the finance function is fit for purpose. He advises on financial matters to both the Cabinet and full Council and is actively involved in ensuring that the authority's strategic objectives are delivered sustainably in line with long term financial goals. The s151 Officer together with finance staff ensure that new policies or service proposals are accompanied by a full financial appraisal which is properly costed, fully financed and identifies the key assumptions and financial risks that face the council.

Financial Rules were revised in 2013/14 by the s151 Officer so that Portsmouth City Council can meet all of its responsibilities under various laws. They set the framework on how we manage our financial dealings and are part of our City Constitution. They also set the financial standards that will ensure consistency of approach and the controls needed to minimise risks. The s151 Officer has a statutory duty to report any unlawful financial activity or failure to set or keep to a balanced budget. He also has a number of statutory powers in order to allow this role to be carried out, such as the right to insist that the local authority makes sufficient financial provision for the cost of internal audit.

The authority's financial management arrangements conform to the government requirements of the CIPFA Statement on "The role of the chief financial officer in local government" (2010). The Chief Finance Officer attends the Strategic Director's Board, helping to develop and implement strategy and resource and deliver the strategic objectives. The Chief Finance Officer is actively involved in ensuring all immediate and longer term risks and opportunities are considered, and ensure the strategic objectives are aligned to the longer-term finance strategy. The Chief Finance Officer has an input into all major decisions, and advises on financial matters to the Cabinet. He is responsible for ensuring that budgets are agreed in advance and that the agreed budget is robust, to ensure value for money is provided by our services, and is responsible for

ensuring the finance function is fit for purpose. A protocol for the Chief Financial Officer at Portsmouth was approved in November 2011.

Anti-fraud, bribery and corruption

The Council is committed to protecting any funds and property to which it has been entrusted and expects the highest standards of conduct from Members and Officers regarding the administration of financial affairs. The Council's **Anti-Fraud, Bribery and Corruption Policy**⁶ (revised in 2014) conforms to legislative requirements and sets out steps to minimise the risk of fraud, bribery, corruption and dishonesty and procedures for dealing with actual or expected fraud.

Whistleblowing

The Council is committed to achieving the highest possible standards of openness and accountability in all of its practices. The Council's Whistleblowing policy⁷ (revised in 2013) sets out the options and associated procedures for Council staff to raise concerns about potentially illegal, unethical or immoral practice and summarises expectations around handling the matter. The Policy is kept under review by the Monitoring Officer, and performance reports (which include concerns raised and their outcomes) are submitted to the Governance and Audit and Standards Committee quarterly.

Governance and Audit and Standards Committee

As its name suggests, the Governance, and Audit and Standards Committee has the responsibility for receiving many reports that deal with issues that are key to good governance. The Committee undertakes the core functions of an Audit Committee identified in CIPFA's practical guidance⁸. The group has an agreed set of terms of reference⁹, which sets out their roles and responsibilities of its members¹⁰. On an annual basis the Chair of the Committee undertakes a self-assessment, which informs the overall review of effectiveness of the Council's governance arrangements.

4-Taking informed and transparent decisions which are subject to effective scrutiny and managing risk.

Transparency

The Council and its decisions are open and accessible to the community¹¹, service users, partners and its staff. The Freedom of Information Act 2000 (FoI) gives anyone the right to ask for any information held by a public authority, which includes Portsmouth City Council, subject only to the need to preserve confidentiality in those specific circumstances where it is proper and appropriate to do so.

All reports requiring a decision are considered by appropriately qualified legal, and finance staff with expertise in the particular function area before they are progressed to the relevant committee/group. Portsmouth City Council wants to ensure that equality considerations are embedded in the decision-making and applied to everything the Council does. To meet this responsibility, equality impact assessments are carried out on all major council services, functions, projects and policies in order to better understand whether they impact on people who are protected under the Equality Act 2010 in order to genuinely influence decision making.

Risk management

The Council has reviewed its approach to managing risks over the last year and approved a revised Risk Management Policy, which seeks to embed a culture of risk awareness within everyday activities. All significant risks (defined as something that may result in failure in service delivery, significant financial loss, non-achievement of key objectives, damage to health, legal action or reputational damage) must be logged on a Corporate Risk Directory, profiled (as high/medium/low), and mitigating measures/assurances must be put in place. The new approach minimises formal processes and unnecessary documentation, whilst ensuring that risk management remains an effective part of the governance framework.

Effective scrutiny

The Council operates six Scrutiny Panels¹², governed by their own terms of reference. It is important that Scrutiny Panels act effectively as one of their key tasks is to review and challenge the policy decisions that are taken by Cabinet. Topics that are chosen to be 'scrutinised' are looked at in depth by a cross party panel of Councillors. They assess how the Council is performing and see whether they are providing the best possible, cost effective service for people in the city. The panel's findings are reported to the Cabinet and may result in changes to the way in which services are delivered.

Complaints

There is a clear and transparent complaints procedure¹³ for dealing with complaints. The Council operates a three-stage complaints procedure and promises to acknowledge complaints within 5 working days and respond fully within 10 working days for first-stage complaints, 15 working days for second-stage complaints and 20 working days for third-stage complaints. If complainants remain dissatisfied they have the right to refer the matter to the Local Government Ombudsman.

5-Developing the capacity and capability of Members and Officers to be effective.

Recruitment and induction

The Council operates a robust interview and selection process to ensure that Officers are only appointed if they have the right levels of skills and experience to effectively fulfil their role. If working with children and/or vulnerable adults they will be subject to an enhanced criminal records check prior to appointment. New Officers must attend an induction day, which provides information about how the organisation works. Newly elected Councillors are required to attend an induction which includes information on: roles and responsibilities; political management and decision-making; financial management and processes; health and safety; information governance; and safeguarding.

Training and development

All Officers are required to complete a number of mandatory e-learning courses including health and safety, equalities and diversity, financial rules, and information governance. Officers and Members have access to a range of IS, technical, soft skills and job specific training courses. Compulsory training is provided for Members who sit on the following committees: Governance and Audit and Standards Committee, Licensing Committee, and the Planning Committee. Other member-led training is available to Councillors through Democratic Services and Learning and Development. The package of support available gives Members the opportunity to build on existing skills and knowledge in order to carry out their roles effectively.

¹³ Complaints procedure: <https://www.portsmouth.gov.uk/ext/the-council/transparency/comment,-compliment-or-complaint.aspx>

Performance monitoring

All Officers receive regular one to ones with their Manager in order to monitor workload and performance and Managers are required to carry out a performance development review on an annual basis, which seeks to identify future training and development needs. Services consider workforce plans as part of the annual business planning process. Our business plans paint a picture of what we want to achieve; workforce planning helps to establish the nature of the workforce needed to deliver that vision, and produce a plan to fill the gaps. This helps to ensure we have the right people, with the right skills, in the right jobs, at the right time.

6-Engaging with local people and other stakeholders to ensure robust public accountability.

Engagement and communication

It is recognised that people need information about what decisions are being taken locally, and how public money is being spent in order to hold the council to account for the services they provide. The views of customers are at the heart of the council's service delivery arrangements. Portsmouth City Council has developed a Community Engagement Statement¹⁴, which reflects the council's ambition to enable and empower communities to shape the places within which they live and work, influence formal decision making and make informed choices around the services they receive. The Community Engagement Statement asserts the following objectives for the council's engagement activity:

- Active citizens and strong communities,
- Clearer links between consultation and decision-making,
- A City that reflects its diversity and improved use of resources and aims to build upon the council's commitment to finding ways to inform,
- Consult and involve local people in all areas of life.

To be effective this process aims to inspire and support a genuine two-way dialogue with all sections of the community and other stakeholders. There are a number of ways people can get involved and connect with the council, many of which are listed on the 'Have your say' council webpage¹⁵. Local people have the option to engage in a dialogue through: social media sites (including a community engagement blog, Facebook and twitter), petition schemes, neighbourhood forums, Healthwatch Portsmouth, the rant and rave forum, council meetings (open to the public), their local Councillor¹⁶ and through a new citizens panel that launched in 2014.

Consultations

The council keeps a forward plan of planned consultations. Internally, a consultation toolkit has been developed to guide council staff through the consultation process. The agreed process ensures that engagement activity is relevant, accessible, transparent and responsive. To increase awareness, consultations are proactively promoted. A list of current consultations, as well as a list of past consultations explaining how the council has used public feedback is available on the council website¹⁷.

The council issues a free copy of their Flagship magazine to all households keeping them up to date about what's going on in the City. Portsmouth City Council regularly engages with its employees to

ensure they are kept informed about the council and the city. There are communication channels for "off-line" and online employees and a dedicated communications point of contact for staff. Employees are regularly asked to complete opinion surveys so the council can get a better understanding of what's working and what's not. The results are carefully considered and used to address issues.

Partnership working

Partnerships are about the council coming together with right organisations to deliver improved outcomes for local people. Portsmouth City Council is involved in many different partnerships at different levels, each with their own set of terms of reference for effective joint working. There are 4 strategic partnerships in Portsmouth - The Children's Trust Board, The Health and Wellbeing Board, Safer Portsmouth Partnership and Shaping Portsmouth, which are involved in delivering the city's desired outcomes. Reviews of strategic priorities for each of the partnerships have been aligned in order to better understand shared priorities, reduce duplication and improve commissioning and delivery activity.

Corporate governance controls

On an annual basis Portsmouth City Council agrees a set of corporate governance controls with the aim of strengthening governance arrangements in key areas. In 2014 the Council agreed the following nine corporate governance controls that all Services are required to comply with:

1	All services have a business plan that reflects the vision of the authority; meets a minimum set of standards; is actively managed; and is refreshed and published annually
2	Risk is regularly reviewed and tangible mitigation measures are in place and regularly tested.
3	All posts that fall within the legislation must be checked in line with DBS ¹⁸ guidelines.
4	All staff must adhere to the clear desk and clear screen policy wherever they are working and ensure that sensitive/personal information is appropriately secured when travelling to/from work.
5	The Council understands its legal equalities duties, and embed them as part of service projects/plans.
6	All services have business continuity plans in place that are regularly tested and reviewed.
7	Complaints are responded to within a timely manner, causes addressed, and outcomes recorded
8	100% of staff are given good quality PDRs and any actions resulting from the PDR must be completed within agreed timescales.
9	100% of staff complete the code of code of conduct form on joining the Council and notify managers if there are any changes.

¹⁸ Disclosure and Barring Service (DBS) Guidelines: <https://www.gov.uk/government/organisations/disclosure-and-barring-service/about>

Monitoring and evaluating the effectiveness of the governance framework

Portsmouth City Council has the responsibility for conducting at least annually, a review of the effectiveness of its governance framework. The review of effectiveness is informed by the work of:

- The Strategic Directors and Heads of Services within the Authority who have responsibility for the development and maintenance of the governance environment.
- The Chief Internal Auditor's annual report and opinion, and also by comments made by the external auditors and other review agencies and inspectorates.
- The Chief Financial Officer whose role is performed by the Head of Finance (and who is also Portsmouth City Council's Section 151 Officer) who has statutory responsibility for ensuring the proper management of all Portsmouth's financial affairs.
- The Corporate Governance Group, made up of the Chief Executive, the Chief Internal Auditor, the Section 151 Officer and Monitoring Officer, and the Head of HR, Legal and Performance with input from others as relevant. This group meets regularly to discuss corporate governance arrangements and issues, and to reflect on recurring themes and spheres of activity relating to council improvement.
- The Governance and Audit and Standards Committee

There is an agreed formal process for evaluating the effectiveness of internal control, and for 2013/14 this has included:

- An evaluation of progress against previously identified governance issues.
- Analysis of compliance with the nine internal corporate governance controls. This requires Heads of Service to complete an internal control questionnaire to evidence their services' compliance with each of the controls.
- A self-assessment review of the Governance and Audit and Standards Committee, which was completed by the current Chair of the Governance and Audit and Standards Committee and the previous Chair of the Governance and Audit and Standards Committee.
- Reviews of:
 - The effectiveness of Internal and External Audit.
 - External Audit's Annual Plan and opinion.
 - The Annual Internal Audit report and opinion.
 - The Corporate Risk Directory.
 - Issues identified through business planning and performance management.
 - Corporate complaints and any complaints regarding Members.
 - Freedom of information requests.
 - Data protection and information governance issues.
 - Employee Opinion and Pulse Survey results.
- Analysis of recommendations and actions arising from the following peer challenges/inspections:
 - Corporate peer challenge (March 2013).
 - Inspection of RIPA activity and compliance with codes of practice by the Office of Surveillance Commissioners Inspection (April 2013)
 - 14-19 peer challenge (June 2013).
 - HMIP Inspection (December 2013).
 - Pre-birth to 5 peer challenge (January 2014).
 - Safeguarding Ofsted Inspection (TBC)
 - School Improvement Ofsted Inspection (TBC)

Effectiveness of the system of internal audit

On 1st April 2013 the 'Public Sector Internal Audit Standards' (PSIAS) were formally adopted across the UK, as the prescribed Auditing Standards in accordance with the Accounts & Audit Regulations. The PSIAS replaces the CIPFA Code of Practice for Internal Auditors in Local Government.

In accordance with the Standards the Chief Internal Auditor carries out an annual self-assessment of the Internal Audit Section's performance against PSIAS measuring the compliance with the definition of Internal Audit and the Code of Ethics. There is also a requirement to have an external assessment every five years and it is proposed that this will be a peer review carried out by another local authority. All results i.e. compliance or non-compliance with the standards, will be communicated to the Governance & Audit & Standards Committee along with an improvement plan if required and regular progress reports. The Annual Audit opinion must declare whether the service complies with the Standards or not and any action required to ensure compliance as well as being reported in the Annual Governance Statement.

Due to the number of critical and high risk exceptions the Audit opinion for 2013/14 is that only limited assurance on the effectiveness of the control framework can be given with the areas of most concern highlighted in our Annual audit Report. Internal Audit is concerned with the overall effectiveness of the control framework and is working with Heads of Services, Strategic Directors and the Chief Executive to improve on specific areas of control and risk management weaknesses. In compliance with the Public Sector Internal Audit Standards a self-assessment has been carried out on the work performed by the Internal Audit Section that demonstrates compliance with the standards.

Summary of significant governance issues for 2013/14

The review of effectiveness has identified 16 significant governance issues within the Council's governance framework. Over the coming year, Portsmouth City Council will take steps to address the issues that have been identified in order to improve the Council's governance arrangements and improve assurance in the areas of most concern. Progress will be monitored and reported to the Governance and Audit and Standards Committee on a quarterly basis over the next year.
