Background

The JSNA is:

- The 'big picture' of health, well-being and inequality needs of the local population
- The main point of reference for all local strategic planning and commissioning for health
- A description of both current and future needs (as far as this is possible)
- Evidence-based.

Consultation – purpose

- To inform identification and prioritisation of needs assessments, equity audits etc
- **To inform development of JSNA processes esp views on:**
 - Whether or not the main issues facing Portsmouth are identified
 - What are the main issues
 - Sources of information
 - What commissioners should and shouldn't commission
 - Assets
- Indirect purpose: Publicise JSNA website
- This consultation is another route for commissioners to obtain community, public views in addition to their usual mechanisms. This will inform next year's commissioning cycle

Consultation

- Full page advert in October's Flagship magazine distributed to all Portsmouth households
- Printed copies of Summary Findings distributed to LSP Boards, GP Practices, Residents' Associations, Neighbourhood Fora, statutory organisations, Councillors etc
- Personal letter advising of website and seeking views sent to all LA schools
- Highlighted in Consultation sections of PCC and NHS Portsmouth websites
- Consultation event to be held at Community 1st for Portsmouth
- JSNA Strategy Group members seeking views through own networks
- Presented at LAA Delivery Board, Health and Wellbeing Partnership Board, NHS Portsmouth Board and Health Overview and Scrutiny Panel
- Views sought via email or Freepost
- Closing date: 17 December 2010
- Responses to be collated and reported to JSNA Strategy Group and Responsible Directors
- Summary of responses to be placed on website

Consultation Questions

- What do you think are the **main issues** facing people in Portsmouth?
- What do you think are the **causes** of the issues you've identified?
- Do you agree that the JSNA core data collection identifies the main challenges facing people in Portsmouth for children, young people, adults of working age, older people?
- If no, what issues do you believe ought to be included, and why?
- Do you have any information or data which could help our investigations of needs in Portsmouth?
- After assessing needs, commissioners make decisions about how and where to spend public money on improving the well-being of people in Portsmouth:
 - Is there anything taking place which, in your view, is not effective? What should we stop doing?
 - What ought to happen to improve well-being in Portsmouth? What should we do?
- What **assets** do we have in Portsmouth to tackle the issues you've identified?
