

Welcome to Southern Health NHS Foundation Trust

Who are we?

➡ April 2010 Hampshire Partnerships NHS Foundation Trust who provide mental health and learning disability services, and Hampshire Community Health Care who provide integrated community care services, merged to become Southern Health NHS Foundation Trust

Our vision for Southern Health

Our overall aim is to improve the health, wellbeing and independence of the population we serve.

Our Values

Person and Patient Centred

Everything we do is driven by what our patients and service users need.

Releasing Ambition

Insisting on the highest standards; OK is not good enough. We constantly challenge what we do, and set ourselves ambitious, yet realistic goals. Problems are never ignored and people are given freedom to do what they need to do.

Driving Innovation

Using our imagination to provide better care. Finding solutions quickly and without getting bogged down.

Forging Relationships

Providing the best by breaking down barriers and working in partnership with other organisations.

Delivering Value

Providing value for money. Freeing you from unnecessary red tape, allowing you to focus on the things that matter. Making sure that time and money are spent wisely.

Valuing Achievement

Success is celebrated, making you feel valued and proud to work for Southern Health.

So what do we do

Within mental health services we provide care and treatment for:

- ➡ Adults
- ➡ Older People
- ➡ Specialised Services - care within a medium or low secure setting. We also provide specialist child and adolescent mental health inpatient care.

Within learning disability services we provide care and treatment:

- ➡ in partnership with Hampshire County Council Adult Services – care for adults with learning disabilities
 - ➡ Within in-patient settings - services for those with psychiatric disorder, personality disorder or challenging behaviour
 - ➡ Hospital liaison into acute hospitals
- 

TQtwentyone (our social care division)- provides a range of social care services to adults with learning disabilities and adults with mental health needs:

- Supported living
 - Housing related support
 - Specialist residential care
 - Mental Health support
 - Day Opportunities
 - Support at home
 - Short break services
- 

Integrated Care Services – a range of community based health services

- Community Nursing
- Community rehabilitation
- End of Life Care
- Health Promotion
- In-patient and out-patient services in community hospitals
- Minor injuries units
- Occupational therapy
- Orthopaedic choice service
- Physiotherapy
- Podiatry
- Rapid response teams
- Specialist Nursing
- Speech and language therapy
- Health visiting

Local (South East Services)

- 🌈 Older People's Mental Health – Acute wards based at GWMH (Gosport War Memorial Hospital), community services based around the area
 - 🌈 Adult Mental Health – Acute wards based at Melbury Lodge in Winchester (inc a mother & baby unit), Elmleigh in Havant (along with Hospital at Home) and a long term reablement unit at Hollybank (Havant). Community teams based in Fareham, Gosport, Havant and Petersfield
 - 🌈 Specialised Mental Health – a medium secure unit based at Ravenswood, near Wickham
 - 🌈 A soon to be launched (January 2013) specialist Autistic Assessment service for Hampshire
 - 🌈 TQtwentyone – head office based at the Potteries in Fareham, community services cover the whole area including Hayling Island and some on the Isle of Wight.
 - 🌈 LD (Learning Disability) services – Main Assessment unit based at West End for specialised assessment for the area. Community services spread widely across the county.
 - 🌈 Community nursing teams again based widely across the county, Petersfield, Bordon, Chase, Fareham, Gosport (Community Hospitals based in those areas),
 - 🌈 Diabetes community nurses based at Fareham (working with Portsmouth Hospitals) - an award winning service to support people living with diabetes
 - 🌈 Respiratory specialist nurses using 'Telehealth' to support people with conditions like COPD (Chronic obstructive pulmonary disease) in their homes
 - 🌈 Quit4Life – Smoking cessation service covering Hampshire but not Portsmouth.
 - 🌈 Currently we provide from Havant a specialist mobile dental service (for people who can't leave home or for people with specialist needs)
- 

Any questions?
