

**REPORT TO: PORTCHESTER CREMATORIUM JOINT COMMITTEE
29th September 2008**

REPORT BY: CLERK TO THE JOINT COMMITTEE

**PORTCHESTER CREMATORIUM JOINT COMMITTEE
DEVELOPMENT PLAN 2008-2014**

Purpose

1. To submit for the Joint Committee's approval a development plan for the period 2008-2014.

RECOMMENDED that the Portchester Crematorium Joint Committee Development Plan 2008-2014 be approved and adopted

Background

2. The officers serving the Joint Committee have taken the opportunity to revisit and review previous development plan approved by the Joint Committee in June 2006. At that time the Joint Committee agreed the Plan should be reviewed every two years. In undertaking this review attention has been focussed matters of an ongoing nature as well as those which the Joint Committee will need to give future consideration.
3. The officers have now prepared for the Joint Committee's approval and adoption the attached development plan. This plan seeks to look at medium term developments in the period up to 2014, and in the longer term beyond 2014. It also seeks to indicate the future intentions of the Joint Committee and thereby guide both the management of the crematorium function and future policy decisions that may be required.

John Haskell
Clerk to the Joint Committee
