Dear Georgina

At last months TLP meeting we heard reports from SACRE and mention was made of the RE artefacts loan service. I am very pleased to tell you that two members of TLP immediately commented on how useful they were proving to be in their schools.

One, a headteacher, will no doubt spread the word through the primary heads network. It is always good to be able to praise and say thank you so on behalf of TLP (and teachers of RE throughout the city) 'well done and thank you for all your effort in putting together this very useful resource'

Best wishes

Cc Teresa Deasy
