SACRE Development Day

Community Cohesion

"...the glue that holds communities together."

Ted Cantle

Our Development Day is an opportunity for SACRE members to reflect on the Community Cohesion agenda.

Delegates will gain skills and understanding of:

- How local art (Generations exhibition, City Museum) can enhance Community Cohesion
- Barriers to community cohesion
- How to promote Community Cohesion in a school
- How to develop foundations for Community Cohesion
- How SACRE can support schools with the Community Cohesion agenda

Our morning session will be led by Mary Young, a Citizenship consultant to West Sussex, as well as an Associate Lecturer at the University of Chichester. Prior to this, Mary worked as the co-ordinator for the Global Dimension in ITE with the Local4Global consortium. Mary has also worked as a Curriculum Adviser for the England Oxfam Education Team. This involved defining and promoting Global Citizenship throughout the country, and included writing, *'Global Citizenship: The Handbook for Primary Teaching'* in 2002.
