A G E N D A

- 1 Apologies**
- 2 Declarations of Members' Interests**
- 3 Use of Camera Technology to improve Road Safety and Network Management (Pages 3 - 14)**

The purpose of the report by the Director of Transport, Environment and Business Support is to provide the Cabinet Member with an update on the current use of camera technology in the city as it relates to the Traffic and Transportation portfolio. This includes bus lane and school zig zag enforcement as well as the use of the city's CCTV camera network. The report

also makes recommendations as to the future use of these various technologies.

RECOMMENDED:

- (1) That the Cabinet Member notes the current use and effectiveness of camera technology for the benefit of enforcement and network management and approves the continued use of such technology.**
- (2) That the Cabinet Member approves the purchase of additional cameras and associated equipment that will facilitate the deployment at additional sites; the locations and purpose of which will be agreed by the Cabinet Member in consultation with officers**
- (3) That the Cabinet Member instructs the Director of Transport, Environment and Business Support to carry out a study to identify how better equipped the city's road network should be so far as visual and virtual technology and for a report on the findings, including associated costs, to return to a future decision meeting.**

Members of the public are now permitted to use both audio visual recording devices and social media during this meeting, on the understanding that it neither disrupts the meeting or records those stating explicitly that they do not wish to be recorded. Guidance on the use of devices at meetings open to the public is available on the Council's website and posters on the wall of the meeting's venue.
