

# Equality Impact Assessment

Preliminary assessment form v5 / 2013

[www.portsmouth.gov.uk](http://www.portsmouth.gov.uk)

The preliminary impact assessment is a quick and easy screening process. It should:

- identify those policies, projects, services, functions or strategies which require a full EIA by looking at:
  - negative, positive or no impact on any of the equality groups
  - opportunity to promote equality for the equality groups
  - data / feedback
- prioritise if and when a full EIA should be completed
- justify reasons for why a full EIA is not going to be completed

**Directorate:**

Director of Regulatory Services and Community Safety

**Function e.g. HR,  
IS, carers:**

Environmental Health

**Title of policy, service, function, project or strategy (new or old) :**

Food Operating Plan 2016 / 2017

**Type of policy, service, function, project or strategy:**

- Existing
- New / proposed
- Changed

### Q1 - What is the aim of your policy, service, function, project or strategy?

The aim of the policy is to:

- update the Cabinet Member for Environment and Community Safety on the current level of food business hygiene compliance in Portsmouth
- set out the programme of inspection during 2016 / 2017
- highlight service risks and non-compliances with the Food Law Code of Practice (FLCofP)

### Q2 - Who is this policy, service, function, project or strategy going to benefit or have a detrimental effect on and how?

The policy highlights a reduction in programmed food hygiene inspection rates, which could have a detrimental effect on Food Business Operators (FBOs)

Food hygiene inspections give businesses a opportunity to seek advice and education in relation to food law and good practice

Less inspections will mean FBOs will have reduced opportunities to acquire advice which could result in greater likelihood of falling standards in food hygiene and non-compliances with the law

Officers will inspect businesses less so imminent risks to health may not be identified. This could result in more risk to public health and an increase in food poisoning across the city

### Q3 - Thinking about each group below, does, or could the policy, service, function, project or strategy have a negative impact on members of the equality groups below?
