<b>3</b>	16/00812/HOU  Drayton & Farlington	<b>69 Woodfield Avenue Portsmouth PO6 1AW</b>  Construction of gable build up to include front and rear dormer windows to roof; installation of window to side elevation and construction of single storey rear extension	One general comment has been received from a neighbouring property regarding the impact of the development on light.  The single-storey extension would result in some loss of light and outlook for the occupiers of the adjoining property. However, as the adjoining property benefits from an existing extension some 3m in length and approximately only 0.9 metres would be visible above the 2m high fence, it is considered that any impact would not be significant. <b>4</b>	16/00842/FUL  Central Southsea	<b>20 Eton Road Southsea PO5 1SQ</b>  Change of use from house in multiple occupation (Class C4) to purposes falling within Class C3 (dwelling house) or Class C4 (house in multiple occupation)	One representation has been received from a neighbouring property objecting on the grounds of: a) the high number of multiple occupancy properties in surrounding area; b) property is a 3 bed house not designed for use in multiple occupancy; c) anti-social behaviour and noise of tenants throughout day and night; d) increased pests; e) amenity issues including upset, illness and lack of sleep; and, f); loss of family character of area.  The applicant has submitted evidence to prove that the lawful use of the property has been within Class C4 since 1st November 2011 that is confirmed by records held by the Council. The issues raised would not therefore form a sustainable reason for refusal in the determination of this application.	Nicholas Smith  Tel: 023 9284 1995  <b>Permission</b>

<b>13</b>		<p><b>Child Pedestrian Training</b></p> <p>Child Pedestrian Training is now available to all Year 1 children in Portsmouth. The Road Safety and Active Travel Team have created and distributed a bespoke package of tools for each school to assist teachers in delivering this. A focus is placed on locating safe places to cross near to their school, crossing safely using the Green Cross Code and the importance of safe behaviour such as holding an adult's hand, staying back from the edge of a busy road and wearing high vis when on the training. A pack has been sent to all infant and primary schools in Portsmouth.</p> <p>Each pack consists of:</p> <ul style="list-style-type: none"> <li>• A lesson plan for the session</li> <li>• A mapped route for teachers to lead small groups of children to demonstrate road safety</li> <li>• A risk assessment</li> <li>• A glossary of terms</li> <li>• A link to a YouTube clip to show children prior to the session. This was created by Road Safety and Active Travel and the University of Portsmouth.
