

**Appendix 3 - projects**

<b>Children's Services: Projects</b>						
<b>Project</b>	<b>Target Date</b>	<b>Key progress and issues arising</b>	<b>On track - time (RAG rating)</b>	<b>On track - budget (RAG rating)</b>	<b>On track - outcomes (RAG rating)</b>	<b>Key project risks</b>
<b>Portsmouth Education Partnership</b>	Ongoing	<p>The Portsmouth Education Partnership is now well established. At the last meeting of the Strategic Board in Q1 it was agreed to continue with the current structures but to rename the Operational Group as the School Improvement Board to better reflect its function. A summary of the PEP's achievements and how school leaders can get more involved has gone out to schools, together with a copy of the draft Education Strategy 2017 – 2020 which is now out for consultation – closing date of 22 Sept 2017. A 'glossy' summary of the strategy will be distributed during the summer.</p> <p>Bids to the Strategic School Improvement Fund Round 1 were submitted in Q1 – outcome will be known in Q2. A second round is likely to commence in Q2 (Oct)</p> <p>The Partnership and Schools Inclusion Manager will start in Q2 (Sept) and the PEP website will be launched in Q2 (Oct)</p>	Green		Amber	<p>Future funding support from the LA in 2018/19. The support the council has been able to provide has been crucial in getting the PEP off the ground. Further support will be needed but ultimately the success of the PEP will depend on buy-in from schools so that it becomes a school-led Partnership. More and more schools are becoming engaged and can see the value of the PEP - this augurs well for its future.</p>

<p><b>Planning and delivering sufficient school places for the city</b></p>	<p>Ongoing</p>	<p>Primary capacity remains very tight and a 30-place bulge class was required for September 2017 at Beacon View Primary Academy to take into account pressures in the Paulsgrove area. Overall surplus capacity at primary is &gt;2%.</p> <p>Secondary capacity is reducing as the increased primary numbers from the last few years flow through. By September 2020, the city will not have sufficient secondary places without further expansion of secondary schools. Feasibility works are being undertaken to inform future capital bids in Autumn 2017, linked to £3m DfE basic need funding allocation for 2019/20 and estimated basic need funding for 2020/21 and 2021/22. Due to the lead-in time for works, urgent action is now required to address capacity for September 2020 and beyond.</p> <p>The annual School Capacity and Places data return (SCAP) to the DfE is being compiled ready for Q2 - deadline end of July 2017. This will refresh the pupil forecasts and inform future actions and capital bids.</p>	<p>Amber</p>	<p>Red</p>	<p>Amber</p>	<p>Funding is required to enable secondary expansion works.</p> <p>DfE funding is lagged and future funding methodology from DfE could be subject to change.</p>
<p><b>Children's Social Care IT system replacement</b></p>						

Adults' Services: Projects						
Project	Target Date	Key progress and issues arising	On track - time (RAG rating)	On track - budget (RAG rating)	On track - outcomes (RAG rating)	Key project risks
<b>OPPD Systems Intervention</b>	January 2018	<p>EDIP for all existing practitioners is completed. Consistent completion of measures form is required.</p> <p>Begin the process of activating demand and capacity measures.</p> <p>Work to ensure measures are embedded, that their visibility becomes part of service culture, and that leaders have the information they need to act on the system and, where necessary, to Support, Educate and Develop, based on what they've learned from the measures.</p> <p>Re-draft the job profiles of ATMs and Team Managers, defining how systems-thinking leaders manage according to the principles and method. Discuss and consult with ATM and Team managers.</p> <p>Through Q3 work with operational leaders offering the opportunity to lead by using systems thinking principles.</p>	Green	Green	Amber	Time required for leaders to learn new roles.
<b>Health &amp; Social Care Blueprint</b>	January 2018	<p>Further working relationships with Solent NHS Trust based on co-location.</p> <p>Agree the Better Care Fund plan</p> <p>Remove blocks to referral and refer direct between professionals</p> <p>Review single assessment/care-plan arrangements and draft format</p>	Amber	Amber	Amber	Management capacity to lead the project. Agreement between ASC and Solent

						regarding format.
<b>Integrated Discharge Service (QA)</b>	September 2016	<p>This project has enhanced communication between agencies i.e. easier and quicker to speak to colleagues who share the same space. Improvements have been achieved due to working in the main hospital rather than just on-site as staff are working nearer the wards, improving travel times and making working with clients and families more effective. The medically fit for discharge numbers for Portsmouth have reduced, (additional locum staff have been made available to support the team) enabling the waiting list for assessments to reduce from 4 weeks to 10 days.</p> <p>Noise levels interfere with communication with families, carers colleagues and external agencies, due to the space being insufficient for the amount of staff. Productivity of staff is affected by the working conditions. This has been escalated to the Director of Adult Services for discussion and resolution with PHT. Significant management time has been used to work with staff to try and improve well-being, seek alternatives, but the environment remains not fit for purpose.</p> <p>The teams are now co-located in one area of the hospital but there is work to be done to improve the way staff work together. Some work to address this is planned for the Autumn.</p>	Green	Green	Red	The impact on working practice caused by the environment and different organisational agenda.
<b>LD systems intervention</b>		This is provisionally planned to re-start in October 2017, with the Corporate Intervention Team.				

<p><b>Transition between Swift / AIS and System 1</b></p>	<p>April 2018</p>	<p>In June 2017, TPP informed PCC that they would not be able to allocate resource to working on PCC data for a minimum of 6 months. This would place the transition plan date into March 2019, constituting a significant risk to PCC given that SWIFT/AIS support is being reduced and is likely to deteriorate by this time.</p> <p>Mitigation is planned by considering a 'green field' site solution whereby there is no migration of existing ASC data, which is stored separately to be updated as work with service users continues on the new system.</p>				<p>Transition being delayed. Staffing capacity to manage the project.</p>
<p><b>IGC project</b></p>	<p>September 2017</p>	<p>ASC is working with Housing colleagues who are setting up PCC managed domiciliary care in sheltered accommodation.</p>	<p>Amber</p>	<p>n/a</p>	<p>n/a</p>	
<p><b>Achieving Financial Balance</b></p>	<p>March 2018</p>	<p>Savings Plans have been submitted by service areas to achieve the overall balance. An additional impact on the budget in Q1 is the <a href="#">HMRC Tribunal Decision</a> announced in April 2017. Whilst the <a href="#">government has announced</a> it will waive financial penalties faced by employers retrospectively and has suspended HM Revenue and Customs enforcement activity concerning retrospective payment of “sleep-in” shifts by social care providers, until 2 October 2017, ASC have a potential to have to back pay providers providing LD Sleep in services across supported living schemes, This may reach £100k.</p>	<p>Red</p>	<p>Red</p>	<p>Red</p>	<p>See ASC financial summary below</p>

<b>Property and Housing Projects</b>						
<b>Project</b>	<b>Target Date</b>	<b>Key progress and issues arising</b>	<b>On track - time (RAG rating)</b>	<b>On track - budget (RAG rating)</b>	<b>On track - outcomes (RAG rating)</b>	<b>Key project risks</b>
<b>Dunsbury Park (Capital)</b>	<b>N/A</b>	Highways Works - complete 2015 Plot 2 (Fatface) complete 2016 Enabling works ongoing contract let anticipated completion 2018 Plot 4a - in negotiation anticipated completion 2019 Other plots 2019-2025	<b>Green</b>	<b>Green</b>	<b>Green</b>	<b>Dunsbury represents a significant investment by PCC, the ability to attract tenants and recover that investment is partly dependant on the long term performance of the UK economy.</b>
