

# HOUSING AND SOCIAL CARE SCRUTINY PANEL

## SCOPING DOCUMENT

**Review into models of supported accommodation for people with Learning Disabilities and whether similar provision can be extended to others with a support need.**

### **1. Background**

At its meeting on 29 September, the Scrutiny Management Panel agreed that a review of the provision of learning and disability accommodation be allocated to this scrutiny panel but asked that the title be refined to give a clearer indication of the content of the review.

### **2. Objectives of the inquiry**

- To understand the context of the provision and changes made over the last ten years.
- To analyse the different models available.
- To evaluate the current provision and review the plan for the portfolio's future.
- To consider the current outcomes for people with a LD and potential outcomes.
- To understand the increased demand, not just from people with learning disabilities (LDs) but from Adult Social Care as a whole to extend the portfolio beyond its current remit.
- To learn from other Local Authorities LD services.
- To understand the potential to extend the current provision and develop an accommodation offer for adults with a wider range of social and health care needs.
- To consider whether supported housing improves outcomes for people with a LD.
- To consider whether this model of housing could be used to help other people with a support need.

### **3. Witnesses**

- The Commercial Property & Leasehold Services Manager.
- The Supported Housing Business Partner
- The Service Manager, Integrated Learning Disability Service
- The Commissioning Contracts Officer
- The Department for Work & Pensions
- The Portsmouth Clinical Commissioning Group
- A representative from Solent NHS Trust

#### **4. Timeline**

The panel will agree the scoping document, receive evidence from the Commercial Property & Leasehold Services Manager and agree the evidence gathering programme.

Subsequent meetings will cover:

- The processes and pathways involved.
- Strategic overviews from the Cabinet Members for Health & Social Care and Housing.
- Evidence from other organisations, partners and providers.
- Feedback from visits to service users will be brought back to the panel.
- Other local authorities' good practice.
