

Equality Impact Assessment

Preliminary assessment form v5 / 2013

www.portsmouth.gov.uk

The preliminary impact assessment is a quick and easy screening process. It should:

- identify those policies, projects, services, functions or strategies which require a full EIA by looking at:
 - negative, positive or no impact on any of the equality groups
 - opportunity to promote equality for the equality groups
 - data / feedback
- prioritise if and when a full EIA should be completed
- justify reasons for why a full EIA is not going to be completed

Q1 - What is the aim of your policy, service, function, project or strategy?

Conservation of and access to this iconic and significant vessel and her display in the vicinity of the D-Day Museum.

Q2 - Who is this policy, service, function, project or strategy going to benefit or have a detrimental effect on and how?

The project will benefit visitors to the D-Day Story.

People of all ages and backgrounds will be engaged with the LCT project. This will be facilitated by her prominent location on Southsea Common, interventions to ensure that people can physically access most of the ship and activities targeted at specific audiences. We do not anticipate that the proposed activities will have a detrimental effect on any of the equality groups.

The Museums Service has a commitment to access for all and the museum service being representative of / reflecting the city's communities etc (ie who visits, content of collections).

LCT7074 is a significant and authentic D-Day 'object' which will enhance the museum's offer.
