Q7 - How have you come to this decision? Summarise your findings and conclusion below

Portsmouth City Council's animal welfare policy is based on the government's commitment to improving the effectiveness of existing animal welfare regulation whilst lifting the regulatory burdens on businesses to support growth, productivity and innovation. The intention is to relieve the administrative burden on local authorities, simplify the application and inspection process for businesses, as well as maintain and improve existing animal welfare standards by modernising the current animal licensing system in England. This applies across all local authorities across the United Kingdom. It serves to protect all relevant animals/citizens and will not disproportionately affect any equality group.
