Equality Impact Assessment

Preliminary assessment form 2018

www.portsmouthccg.nhs.uk

www.portsmouth.gov.uk

The preliminary impact assessment is a quick and easy screening process. It should:

- identify those policies, projects, services, functions or strategies which require a full EIA by looking at:
 - negative, positive or no impact on any of the equality groups
 - How are going to mitigate or remove any potential negative impacts
 - opportunity to promote equality for the equality groups
 - data / feedback
- prioritise if and when a full EIA should be completed
- justify reasons for why a full EIA is not going to be completed

Title of policy, service, function, project or strategy (new or old) :

Education, Children and Young People Scrutiny Review into School Attendance and Reduced Timetables in Portsmouth.

Type of policy, service, function, project or strategy:

- Existing
- New / proposed
- Changed

Q1 - What is the aim of your policy, service, function, project or strategy?

The objectives of the scrutiny review were:

- (1) To understand the main reasons for school absence and review the Council's strategy to improve school attendance,
- (2) To explore the use of reduced timetables, how children on reduced timetables are supported to resume full time attendance as early as possible and consider how to minimise the use of reduced timetables,
- (3) To investigate where we have good practice and where there is scope for improvement in relation to ensuring children attend school. Particular focus shall be given to vulnerable children, children with SEND, persistent absentees, those on reduced timetables and elective home education.
- (4) To review arrangements for ensuring that where children and young people are out of school for significant periods through reduced timetables or poor attendance, there is good multi agency risk assessment and action where necessary to reduce their vulnerability to exploitation.
- (5) To investigate the reasons why parents are choosing to home educate their child and how their progress can be monitored and their safeguarding ensured.

The recommendations arising from the review will be considered by Cabinet.

Q2 - Who is this policy, service, function, project or strategy going to benefit or have a detrimental effect on and how?

The ECYP Scrutiny Panel undertook a review into school attendance and reduced timetables in Portsmouth. The ECYP Scrutiny Panel's recommendations seek to improve school attendance rates for young people in the city and also improve the relationship between the local authority and parents who choose to home educate their children.

During the review the panel received evidence from headteachers, parents, voluntary sector groups, Hampshire police and children's services to understand the impact that children missing school has on safeguarding, criminality and the future of the city's young people. Feedback from young people who had previously not attended school was also received as well as some case study examples from the youth offending team manager.

This helped the panel to formulate their conclusions and recommendations.

Q3 - Thinking about each group below, does, or could the policy, service, function, project or strategy have a negative impact on members of the equality groups below?

CCG staff-If you have to complete a full EIA please email: sehccg.equalityanddiveristy@nhs.net if you require help

Q7 - How have you come to this decision? Summarise your findings and conclusion below

The ECYP Scrutiny Panel's recommendations do not have any negative impact on any of the protected characteristics and are intended to improve school attendance for young people to improve their outcomes and minimise their risk to exploitation if they are not attending school.

The panel consulted with officers within education and children's social care, headteachers, parents of

electively home educated children, and received case study examples from the Portsmouth YOT and feedback from the Children in Care Council (CiCC)

If the scheme/actions within the report's recommendations are taken forward individual EIAs may need to be completed.
