Directorate:

Executive

Service, function:

Resources Portfolio Support Services

Title of policy, service, function, project or strategy (new or old) :

Senior Management Structure - Support Services

Type of policy, service, function, project or strategy:

- Existing
- New / proposed
- Changed

Q1 - What is the aim of your policy, service, function, project or strategy?

The Council's Support Services functions are essential for the Council to run its front line functions, control its finance, support and develop its staff and manage its corporate governance responsibilities such as budget, public and democratic accountability and scrutiny. It is the Administration's intention to secure £100,000 p.a net savings from the senior management of the Council's support services.

Q2 - Who is this policy, service, function, project or strategy going to benefit or have a detrimental effect on and how?

If agreed by Employment Committee, the review of the senior management structure in support services could result in one or two redundancies depending on the option chosen. The reduction in Support Services senior managers will reduce the capacity, knowledge and experience of the organisation and without a consequent reduction in the organisation's scope and responsibilities also likely to uplift grades of across other posts. The latter has been accounted for in projected savings.
