5	All	<p>Housing Area Office Network and Telephony Replacement</p> <p>Proposal: for the replacement telephony system to be implemented at Housing Area Offices as outlined below.</p> <p>The current ageing telephony system at Housing Area Offices is not fit for purpose. The functionality provided is too limited and reliability has become an issue. Implementing the IP Telephony system currently used in the Civic Offices will bring great improvements, as well as reduced telephony revenue costs. The new system will produce a saving of over £30,000 over the 5 year period. Replacing office network connections is also proposed to introduce resilience.</p> <p>The capital expenditure required is £150,600 and will be taken from the existing pre-approved capital scheme "Review of Business Hardware" within the Housing Revenue Account (HRA). This was approved as part of the HRA Housing Investment Programme by full council in February 2012.</p>	<p>Graham Fairbrother IS Business Partner Tel: 9284 1787</p>

The School has contributed £25,400 to the cost of this scheme. 7	12/00909/FUL Milton	33 Teddington Road Southsea Change of use from dwelling house (Class C3) to purposes falling within Class C3 (dwelling house) or Class C4 (house in multiple occupation)	<p>One letter of representation has been received from the residents of the adjoining property. Their objections can be summarised as follows: (a) impact on parking; (b) impact on the local community and (c) a permission would set a precedent for similar proposals.</p> <p>This application seeks a planning permission that will enable the use of the property to interchange between a Class C3 dwellinghouse and a Class 4 HMO. The lawful use of the property is currently Class C3 (dwellinghouse). Having regard to the aims and objectives of policy PCS20 and the Houses in Multiple Occupation (HMOs) SPD that seek to support mixed and balanced communities, the use of the property as a HMO would not result in an imbalance of such uses, falling below the 10% threshold (8.75% if permission was granted), and would not adversely affect the living conditions of the occupiers of the adjoining or nearby properties. It is also considered that an objection on car parking standards could not be sustained.</p> <p>In reference to point (c), each application is determined on its individual merits against the relevant planning policies. Policy PCS20 will only support proposals for HMOs if it is considered that the community is not already imbalanced by a concentration of such uses or where the development would not create an imbalance.</p>	<p>Gary Christie</p> <p>Tel: 023 9268 8592</p> <p>Conditional Permission</p>

8	12/00994/FUL Charles Dickens	St Edmunds Roman Catholic School Arundel Street Portsmouth Construction of new sports hall	<p>One objection has been received raising concern about the proximity to their property and loss of light, noise and disturbance from users as well as the potential of impact of construction works.</p> <p>61 representations in support of the application have been received from local residents, parents and members of staff at this and other schools on the basis that the proposal will improve sporting facilities for pupils of the school and for the wider community, improve health and contribute to the legacy of the London 2012 Olympics.</p> <p>The proposed sports hall would be sited such that the taller element of the building would be sited furthest from the closest residential properties off Cottage View. Whilst the building would be sited approximately 2.0 metres from the boundary of the school, the height of the building at this point would be approximately 7 metres with the 11 metre high part of the building being sited over 15 metres from the boundary of the site. Accordingly it is considered that the proposed building would not have a significant effect on the occupiers of neighbouring residential properties. The principle of the construction of additional sporting facilities at the school is considered acceptable with the design of the building being considered appropriate for the site.</p>	<p>Simon Barnett</p> <p>Tel: 023 9284 1281</p> <p>Conditional Permission</p>
