

## Amenity Licence 17 objections

Objection to application for street furniture licence on the pavement outside 60B Victoria Rd South.

We the undersigned object to this application on the following grounds

1. The pavement is too narrow – given that Victoria Rd South is a main road with fast traffic, traffic turning to and from Marmion Rd, considerable pedestrian footfall and near to a 'blind' corner. It would be unsafe.
2. The chairs and tables when occupied would lead to unacceptable noise on what is a residential street. Our bedroom windows look on to the street. Even relatively quiet conversations would be a major disturbance particularly on summer evenings.
3. Some of us have a particular objection to the consumption of alcohol and were disappointed that an alcohol licence was granted to the premises. It is unacceptable to have people drinking on the street near our homes particularly given the hours that have been granted to the licensee. (12 – 3pm and 5- 10pm)
