The nature of the roads' layouts (predominantly bends) is unsuitable for the volume of non-residents' vehicles currently choosing to park, resulting in vehicles parking across corners and on the footways.</li> <li>▪ The proposals contained within this Order aim to prohibit on-street parking Monday to Friday between 10am–4pm, except within marked parking bays. The parking bays will be subject to a 3-hour limited waiting period.</li> <li>▪ Under the new <i>Traffic Signs (Amendment) (No.2) Regulations and General Directions 2011</i>, which came into effect on 30 January 2012, improved provision has been made for restricted parking zones without the need for road markings.</li> </ul>	<p><b>Nikki Musson</b>  <b>Transport &amp; Environment</b>  <b>Tel: 9283 4461</b></p>

5	Hilsea	<p><b>Works at Cliffdale Primary School</b></p> <p><b>Proposal:</b> that there be a re-allocation of Approved Education Capital Expenditure to purchase the replacement of a double modular classroom unit at Cliffdale Primary School, as outlined below:</p> <p>On 21 March 2012 the Cabinet Member for Children and Education approved the allocation of £1,000,000 for SEN and resourced provision as part of the School Modernisation Programme 2012/13. Specifications for resourced provision are currently being developed. It is unlikely the full allocation will be spent based on the current estimates.</p> <p>Approval is therefore sought to reallocate £180,000 from this capital to another related priority scheme at <b>Cliffdale Primary School</b>. This will be for the replacement of poor quality 30 year old modular classrooms at Cliffdale Primary School is required to ensure that Year 5 and 6 pupils, many of whom have challenging learning and mobility issues, are taught in classrooms which are fit for purpose. The school is working towards raising attainment and improving standards whilst currently operating from some very poor quality classrooms which restrict accessibility and compromise the learning environment.</p>	<p><b>Mike Stoneman Strategic Commissioning Manager Tel: 9284 1712</b></p>
6	Drayton & Farlington	<p><b>Works at Springfield School</b></p> <p><b>Proposal:</b> that there be a re-allocation of Approved Education Capital Expenditure to fund a window replacement scheme at Springfield School, as outlined below:</p> <p>On 21 March 2012 the Cabinet Member for Children and Education approved the allocation of £27,800 to Meon Junior School to replace a flat roof as part of the 2012/13 School Modernisation Programme. The work has been deferred to 2013/14 as part of a larger programme of planned works to replace both the flat and pitched roofs at the school, subject to available capital.</p> <p>Approval is therefore sought to reallocate £15,000 of this capital to another priority scheme at <b>Springfield School</b>. This will be for the replacement of the timber roof fascia boards with new upvc boards and replacement of all first floor windows to the front and side elevations of the 'B' block with new aluminium double glazed units. The total cost of the scheme is estimated to be £40,000. The remaining costs will be met by the School.</p>	<p><b>Mike Stoneman Strategic Commissioning Manager Tel: 9284 1712</b></p>

7	Central Southsea, Charles Dickens and Baffins	<p><b>Re-allocation of Approved Education Capital Expenditure to purchase temporary modular classrooms to address sufficiency issues in Primary Schools</b></p> <p><b>Proposal:</b> that the sum of £465,850 be transferred from the unspent balance of the School AMP plan uncommitted funds (Item 39 Children and Education Portfolio Capital Programme 2011/12 to 2016/17 approved by Cabinet on 13 February 2012) in order to install six temporary modular classrooms.</p> <p>The classrooms are required to ensure the Council meets its statutory duty to provide sufficient places in Primary Schools for September 2012 in the face of unprecedented demand.</p> <p>On 21 March 2012 the Cabinet Member for Children and Education approved the 2012/13 School's Modernisation Programme which included a contingency budget of £74,150 for addressing sufficiency issues in the Primary phase. However, this is insufficient to install the six units that are required to provide some of the extra places needed in Primary Schools for September 2012. The breakdown is as follows:</p> <ul style="list-style-type: none"> <li>• Goldsmith Infant School – 2 single classrooms (2 units)</li> <li>• Arundel Court Infant and Junior schools – 1 single classroom with toilets and 1 double classroom with toilets (3 units)</li> <li>• Langstone Infant School – 1 single classroom with toilets (1 unit)</li> </ul> <p>The estimated cost of the units based on an average of £90,000 per unit is £540,000. £74,150 is already committed under the capital modernisation programme for 2012-13 (contingency for sufficiency primary), which leaves a balance of £465,850</p>	<p><b>Mike Stoneman</b>  <b>Strategic Commissioning Manager</b>  <b>023 9284 1712</b></p>

9	12/00432/HOU  Hilsea	<b>11 Hilsea Crescent Portsmouth</b>  Construction of part two-storey/part single-storey rear extension	<p>One letter of objection and one email of support have been received from local residents. The grounds of the objection are loss of amenity.</p> <p>The extension would project 3.5m along the shared boundary with the property to the east. The two-storey element is designed, in part, with a set back along the shared boundary to project up to 1.5m in depth;(at first floor level) the set back seeks to prevent any significant loss of light or outlook to the ground and first floor windows of the adjoining property. Whilst increasing the sense of enclosure it would not be considered sufficient to warrant refusal and in these circumstances the extension is considered capable of support.</p>	<p>Nicola Clayton</p> <p>Tel: 023 9283 4305</p> <p><b>Conditional Permission</b></p>
10	12/00474/FUL  Charles Dickens	<b>First &amp; Second Floors 229-231 Commercial Road Portsmouth</b>  Conversion of upper floors to form 6 apartments; external alterations to include replacement windows and new entrance doors to side and rear elevations with associated bin/cycle stores to rear ground floor	<p>The Portsmouth Society support this application on the grounds that bringing into use a property which has been empty for some time to provide city centre accommodation with no external changes is commendable.</p> <p>The principle of providing residential accommodation at upper floor level within the city centre is encouraged by policy and is considered acceptable. However, the submitted layout shows that the proposed flats would have an unacceptable relationship with adjacent building such that it would fail to provide a good standard of accommodation for future residents. Furthermore, the application does not address issues of noise or disturbance associated with nearby commercial properties that would have the potential to significantly affect the living conditions of future occupiers. Accordingly it is considered that the proposal is not capable of support.</p>	<p>Simon Barnett</p> <p>Tel: 023 9284 1281</p> <p><b>Refuse</b></p>
