Notice of Motion (a) Proposal to Declare a Climate Emergency in Portsmouth

It was

Proposed by Councillor Judith Smyth
Seconded by Councillor Thomas Coles

That this matter be debated today.

Upon being put to the vote this was CARRIED.

It was

Proposed by Councillor Judith Smyth
Seconded by Councillor Thomas Coles

That notice of motion (a) as set out on the agenda be adopted.

Following debate, upon being put to the vote notice of motion (a) as set out on the agenda was adopted unanimously.

RESOLVED that the following notice of motion be adopted.

"We are in the middle of a climate emergency which poses a threat to our health, our planet and our children's and grandchildren's future. (Sadiq Khan London Mayor)

The UK exceeded the scientifically agreed safe level of CO2 in the atmosphere (350ppm) sometime in the late 1990s. Since then we have been gambling with the lives of future generations and other species. Today we have reached the point where, even if we stopped all production of fossil fuels cars, buses, trains, ships and planes and built no more gas or coal power stations, we would still only have a 64% chance of keeping below the 1.5°C target agreed in Paris in 2015.\textsuperscript{1} 2 3 4

In Portsmouth we have very high levels of air pollution on some streets where people live, cycle and walk exposing people to dangerous chemicals. Children are particularly vulnerable. We have also had several breaches to sea defences and are vulnerable to flooding.

48 UK local authorities have declared a climate emergency including Cornwall, the Forest of Dean, Bristol, Lambeth, Nottingham, Lancaster, Brighton and Hove, and Milton Keynes. 72 cities around the world have also declared a climate emergency committing resources to address this emergency.

A climate emergency declared by a local authority can be a powerful catalyst for community wide action when paired with a clear action plan. There is no time to waste if we are to avoid the consequences of a rise in global warming above 1.5°C.

We propose that Portsmouth City council asks the Cabinet to Declare a Climate emergency to give a compelling lead to citizens, businesses and other partners of the urgency to reduce our carbon footprint to zero by 2030.

Portsmouth City council has started this journey. CO₂ emissions in Portsmouth have reduced from 1243.5 kilotons in 2005 to 817.9 kilotons in 2016 and the City council has recognised that to avoid the worst impacts of climate change further reductions are needed. Several separate initiatives are underway. For example, electric car charging points, tree planting, investment in the new plastics recycling plant required to recycle more plastics jointly with Hampshire and Southampton by constructing a new Integra plant and the ‘cough, cough’ campaign together with reduction of carbon footprint of council premises and services.

---

However, this is somewhat disjointed and too slow. What is needed is action. Working with local business and other partners we need to develop and agree an ambitious city-wide strategy and clear action plans leading to rapid action which is openly monitored, well led and well governed. We need to enthuse and involve citizens, including young people, in generating ideas and support for green policies, plans and action. We can lead the way as a Green City.

Portsmouth City council will ask the Cabinet to:

1. Declare a ‘Climate Emergency’ then ask partners to sign up including local business, schools and community groups.

2. Pledge to achieve net zero carbon emissions in the Portsmouth by 2030, considering, both production and consumption of emissions according to the Standard provided by the Greenhouse Gas (GHG) Protocol.

3. Require the Leader of the Council to report back to the Council within six months with an action plan, detailing how the Council will work with partners across the City and with central government to ensure that Portsmouth’s net carbon emissions (Scope 1, Scope 2 and Scope 3 emissions as defined by the GHG Protocol) are reduced to zero by 2030.

4. Provide an annual report on Portsmouth GHG emissions, what is working and what is more challenging and progress towards achieving net zero-carbon emissions.

5. Require the Chief Executive to establish a ‘Portsmouth Climate Change Board’ before the end of July 2019, equivalent to that of Manchester, to underpin our efforts to decarbonise Portsmouth.

6. Write to the government requesting (a) additional powers and funding to make the 2030 target possible and (b) that ministers work with local government and other governments to ensure that the UK maximizes carbon reduction by 2030 in line with the overriding need to limit global warming to a maximum of 1.5°C.

7. Develop and implement a community engagement plan to i) fully inform residents about the need for urgent action on climate change ii) offer a vision of a healthier, more child friendly and greener city that is a model of best practice iii) mobilise residents in the delivery of the action plan"

Council adjourned at 1703.
Council resumed at 1723.
Notice of Motion (b) - Council Housing

It was

Proposed by Councillor Gerald Vernon-Jackson
Seconded by Councillor Suzy Horton

That notice of motion (b) be debated today.

Upon being put to the vote this was CARRIED.

It was

Proposed by Councillor Gerald Vernon-Jackson
Seconded by Councillor Suzy Horton

That notice of motion (b) as set out on the agenda be adopted.

As an amendment it was

Proposed by Councillor Luke Stubbs
Seconded by Councillor Donna Jones

"to amend paragraph four to remove the first sentence and replace with

Council notes the views of Gavin Smart, the Deputy CEO of the Chartered Institute of Housing, that affordable housing cannot be built without subsidy. It notes that subsidy can take many forms, including non-cash ones such as discounted land and cross subsidy within development, as well as grants. It further notes that cross-subsidy is the basis for Section 106 housing."

Following debate, upon the amendment standing in the name of Councillor Stubbs being put to the vote, this was LOST.

Upon the original notice of motion being put to the vote this was CARRIED.

RESOLVED that the following notice of motion be adopted.

"The City Council recognises that having a decent place to live, and one that families can afford, is hugely important.

The City Council notes the loss of council housing over the last forty years and the retreat from house building by councils.

The City Council has an ambition to increase the amount of council housing available to Portsmouth residents. The City Council welcomes the long overdue Government decision to remove the cap on borrowing for the building of council housing. The City Council asks the Cabinet to look at how this new freedom can be used to accelerate the building of new council housing."
The city council does not support the view expressed by the Deputy Leader of the Conservative Group that the building of new social housing can only be done with a subsidy. Figures from within the city council says that there could be large scale building of new council homes within Portsmouth, and the land the city council owns outside Portsmouth, to help address the huge need and demand for good quality council housing at social rents. It requests the Cabinet to come forward with concrete plans to do this."

"to take urgent action to plan now. Full council requires swift action on this important leisure facility for the community, in time for use in the school summer holidays, Work will need to be completed no later than 20 July 2019 with immediate consideration of funding from the Housing Revenue Account (HRA), Community Infrastructure Levy (CIL) or other sources to secure it. Paulsgrove is a community neglected by Central Government and the Administration and need this decisive action now."

The proposer of the original motion agreed to subsume into it the amendment standing in the name of Councillor Smyth.

Upon notice of motion (c) incorporating the amendment being put to the vote this was CARRIED.

**RESOLVED that the following notice of motion be adopted.**
"Paulsgrove splash pool was left for very many years to rot. It was untouched and unkempt, derelict and unused. Just locked away, out of sight with many excuses made to the people of Paulsgrove for why it was closed.

Paulsgrove splash pool, was missed and unable to be enjoyed by the community of Paulsgrove and people naturally asked why.

Under the administration of Portsmouth Conservatives, Paulsgrove Splash Pool was given a new lease of life. Repairs and maintenance were carried out until May 2018, when we were finally able to reopen up this much missed facility back to the community of Paulsgrove.

This is a much loved and gladly welcomed facility that is also used to its full capacity too. Residents of Paulsgrove are extremely pleased to have the splash pool back in use once again.

In Feb 2019, our budget was voted down. In our budget, it allowed for some equipment for Paulsgrove Splash Pool. Equipment such as picnic benches and parasols.

Therefore the council requests the cabinet members for Culture and Leisure & Housing to take urgent action to plan now. Full council requires swift action on this important leisure facility for the community, in time for use in the school summer holidays, Work will need to be completed no later than 20 July 2019 with immediate consideration of funding from the Housing Revenue Account (HRA), Community Infrastructure Levy (CIL) or other sources to secure it. Paulsgrove is a community neglected by Central Government and the Administration and need this decisive action now "

Council adjourned at 1940.
Council resumed at 1950.

Following debate, upon being put to the vote this was CARRIED.

RESOLVED that the following notice of motion be adopted.

"The recent introduction of the MB and MC parking zones has had a significant impact on neighbouring streets. One area particularly affected is the long-established MA zone, covering Beatrice Road and Leopold Street. During the hours of operation of the MC zone, between 4 and 6pm, these roads fill up with vehicles that can no longer park in that zone. This means local people have nowhere to leave their cars when they get home from work.

Council regrets this situation and calls on the Cabinet Member for Traffic and Transportation to bring an urgent report to her decision meeting detailing how these problems could be mitigated"

That notice of motion (e) as set out on the agenda be adopted.

Following debate, upon being put to the vote this was CARRIED unanimously.

RESOLVED that the following notice of motion be adopted.

“Portsmouth’s stray dog kennel service is one of the best in the country. This service is provided to Portsmouth and the surrounding area by Portsmouth City Council. The service provided by a small team, which is focused on protecting and re-home dogs, is outstanding.

The Portsmouth City Stray Dog Kennels are nationally recognised. The RSPCA have awarded the kennels their “Gold Service Award” three years in a row; this is something Members should be proud of.

Portsmouth City Council wishes to formally recognise the outstanding work being carried out by the staff who run the dog kennels and place
our thanks on record. The council also requests that the cabinet member for Environment and Community Safety writes to members of the city council confirming his intention to continue to expand partnership links, as Cllr Robert New did whilst the Cabinet member in previous years, with organisations such as Battersea Cats and Dog Home. This organisation has assisted Portsmouth City Council in re-homing ‘hard to place’ dogs and other animals many of whom have suffered abuse or who are scared of people, especially those used for ‘baiting’ and as protection dogs for criminals such as drug dealers. These partnerships have ensured that dogs have found a ‘forever home’ rather than being put to sleep. Portsmouth City Council should be proud of these success stories.

Finally the council requests that the cabinet member considers the creation of a ‘Dog Friendly City Charter’, including exploring better use of enclosed parks, better use of Southsea beach for owners and dogs and continue with the expansion of dog waste bins across the city”

Following debate, upon the amendment standing in the name of Councillor Vernon-Jackson being put to the vote, this was LOST.

Upon the amendment standing in the name of Councillor Luke Stubbs being put to the vote, this was LOST.

Upon the original notice of motion being put to the vote, this was CARRIED.

RESOLVED that the following notice of motion be adopted.

"This Council notes with alarm the continuing crisis of social care underfunding that makes it hard for local authorities and provider organisations to ensure decent jobs and quality services.

This Council supports in principle the provisions of UNISON’s Ethical & Residential care charters. The Council asks the Cabinet to implement the charters at the earliest practicable opportunity, recognising that some aspects of the charters may require additional funding.

This Council welcomes the additional short term funding that the government pledged for social care in the 2017 budget but notes that this does not go far enough and does not represent a sustainable solution."
This Council welcomes UNISON’s campaign initiative which aims to expand union membership within the sector to give care workers the support and confidence to lead the public-facing campaign to increase central government funding, improve employee relations and raise standards within the sector.

This Council asks the Cabinet to encourage those care providers that we currently commission or purchase provision from and to ask the Cabinet to require those care providers that we commission or purchase provision from in future to:

1. Respect the right of care staff to organise a union in their workplace and do nothing to undermine the reasonable efforts of staff to organise a union.

2. Allow access to accredited union representatives and officials for membership recruitment activity. Provider organisations should engage positively with union requests for access to staff and, where necessary, agree arrangements that do not disrupt service delivery.

3. Pursue a partnership approach to employment relations. We would expect the provider to engage constructively with the union including a recognition and facilities agreement to underpin collective working.

4. Work with the providers and unions to pursue our shared objective of achieving the provisions of the UNISON Ethical and Residential Care Charters.

The Council will ask the Cabinet to write to all current providers of council-commissioned care services at the earliest opportunity to advise them of our expectation that they will comply positively with the above points (1-4). These principles will be enshrined in our future commissioning processes and procedures.

That notice of motion (g) as set out on the agenda be adopted.

Following debate, upon being put to the vote, this was CARRIED.

**RESOLVED** that the following notice of motion be adopted.

"In stark contrast to many other local councils in the UK and around the world, Portsmouth’s council chamber does not currently have any fixed flag representation of the city we represent as well as the country to which we are all loyal. We propose that from the next Council Meeting, we have permanently displayed in the chamber a ‘triple crown’ of 3 flags; namely:

- A flag/crest of the city in the centre
- The Union Flag on one side
- The Royal Navy’s Ensign on the other side

These flags individually and together represent the Council’s commitment to Portsmouth’s residents whom we are elected to serve; our nation as a whole; and our recognition of the importance of the Royal Navy to the city."

To enable this, the Resources Portfolio holder be asked to meet the cost of this from the Resources Portfolio Reserve."

Councillor Jeanette Smith, Cabinet Member for Resources said that she would be happy to progress this and asked Councillor Payter-Harris to work with her regarding the design.

**Notice of Motion (h) - Library Service**

The Lord Mayor advised that as the seconder of this motion, Councillor Benedict Swann, was not in the Chamber, this Motion could not be put so falls.

**RESOLVED** that the following notice of motion be adopted:

“Portsmouth City Council recognises the importance of the development of St James’ Hospital in Milton and the potential impact the development could have on the local community. It has been widely reported that the area at Velder Avenue, very close to this site is one of the worst air pollution sites in the city. The council also notes the pressure on school places and medical facilities in the area.

The city notes that in order to achieve the best outcome for the people of Milton and the surrounding areas, all political parties on the city council must work together. Cross party working is essential when there is a minority administration that does not enjoy the support of a ‘supply and confidence agreement’.

NHS Property Services have confirmed their intention to proceed with the highest and most comprehensive bid for the St James’ hospital site. They have also notified that contracts have been agreed and a completion date set for the summer. With this in mind, the council requests that the Leader of the council release the previously withheld business case for St James’ Hospital to opposition leaders and shadow
spokesperson for Planning, Regeneration & Economic Development so they can better understand the aspiration of the city council with regards this site. The reason for the request is to ensure that should there be any change to the legal purchase of the site, the business case has full and cross party support, ensuring all angles are covered therefore giving Portsmouth City Council a greater chance of acquiring parts of the site in the future. We, the members of Portsmouth City Council wish to work together in a cross party way and encourage the leader of the council to support this open and democratic way of working by sharing the private and withheld business case for this important site.”

25. Questions from Members under Standing Order No 17

There were three questions from members under Standing Order No 17.

Question 1 was from Councillor Judith Smyth

"Are you aware of the problems that the introduction of the MB and MC zones have caused for many residents and to the people living in the surrounding areas and the fears of people living in the proposed zone MD?"

This and supplementary questions were answered by the Cabinet Member for Traffic and Transportation, Councillor Lynne Stagg.

Question 2 was from Councillor Luke Stubbs

"The lifting of the cap on contributions for day care services within the Learning Disability service will have a huge impact on a small number of clients.

There is one service user who faces a weekly extra charge in excess of £400 per week. The family involved have only recently been made aware of this extra charge. Will the Cabinet Member consider providing some form of relief or an extended transition period in this particular case?"

This and supplementary questions were answered by the Cabinet Member for Health Wellbeing and Social Care, Councillor Matthew Winnington.

Question 3 was from Councillor Judith Smyth

"Are there any plans to reform the City Council’s constitution to give Full Council appropriate decision making powers?"

This and supplementary questions were answered by the Leader of the Council, Councillor Gerald Vernon-Jackson.

The Lord Mayor said that this is the last council meeting before the local elections so thanked colleagues for their support during the year and wished all those members not seeking re-election best wishes for the future in their non-councillor life and thanked them for the excellent service they had given
to the council. He also took the opportunity to invite members back to the parlour for light refreshments.

The meeting concluded at 10.30 pm.
