

Title of meeting:	Governance and Audit and Standards Committee
Date of meeting:	26 th July 2019
Subject:	Treasury Management Monitoring Report for the First Quarter of 2019/20
Report by:	Chris Ward, Director of Finance and Information Technology (Section 151 Officer)
Wards affected:	All
Key decision:	No
Full Council decision:	No

1. Executive Summary

This report outlines the Council's performance against the treasury management indicators approved by the City Council on 19th March 2019.

2. Purpose of report

The purpose of the report is to inform members and the wider community of the Council's Treasury Management position, ie. its borrowing and cash investments at 30th June 2019 and of the risks attached to that position.

Whilst the Council has a portfolio of investment properties and some equity shares which were acquired through the capital program; these do not in themselves form part of the treasury management function. The performance of the investment property portfolio was reported to the Cabinet on 9th October 2018.

3. Recommendations

It is recommended that the following be noted:

- 3.1 That there have been no breaches of the Treasury Management Policy 2019/20 in the period up to 30th June 2019.
- 3.2 That the actual Treasury Management indicators as at 30th June 2019 set out in Appendix A be noted.

4. Background

The Council's treasury management operations encompass the following:

- Cash flow forecasting (both daily balances and longer term forecasting)
- Investing surplus funds in approved cash investments
- Borrowing to finance short term cash deficits and capital payments
- Management of debt (including rescheduling and ensuring an even maturity profile)

The key risks associated with the Council's treasury management operations are:

- Credit risk - ie. that the Council is not repaid, with due interest in full, on the day repayment is due
- Liquidity risk - ie. that cash will not be available when it is needed, or that the ineffective management of liquidity creates additional, unbudgeted costs
- Interest rate risk - that the Council fails to get good value for its cash dealings (both when borrowing and investing) and the risk that interest costs incurred are in excess of those for which the Council has budgeted
- Maturity (or refinancing risk) - this relates to the Council's borrowing or capital financing activities, and is the risk that the Council is unable to repay or replace its maturing funding arrangements on appropriate terms
- Procedures (or systems) risk - ie. that a treasury process, human or otherwise, will fail and planned actions are not carried out through fraud or error

The treasury management budget accounts for a significant proportion of the Council's overall budget.

The Council's Treasury Management Policy aims to manage risk whilst optimising costs and returns. The Council monitors and measures its treasury management position against the indicators described in this report. Treasury management monitoring reports are brought to the Governance and Audit and Standards Committee for scrutiny.

The Governance and Audit and Standards Committee noted the recommendations to Council contained within the Treasury Management Policy 2019/20 on 8th March 2019. The City Council approved the Treasury Management Policy 2019/20 on 19th March 2019.

5. Reasons for Recommendations

To highlight any variance from the approved Treasury Management Policy and to note any subsequent actions.

To provide assurance that the Council's treasury management activities are effectively managed.

6. Equality impact assessment (EIA)

The contents of this report do not have any relevant equalities impact and therefore an equalities impact assessment is not required.

7. Legal Implications

The Section 151 Officer is required by the Local Government Act 1972 and by the Accounts and Audit Regulations 2011 to ensure that the Council's budgeting, financial management, and accounting practices meet the relevant statutory and professional requirements. Members must have regard to and be aware of the wider duties placed on the Council by various statutes governing the conduct of its financial affairs.

8. Director of Finance and Information Technology (Section 151 Officer) comments

All financial considerations are contained within the body of the report and the attached appendices.
