1. Background

The topic was agreed by the Scrutiny Management Panel at its meeting on 28 January 2019.

2. Objectives of the review

The review will consider:

- (i) How well the council supports children with disabilities and their families with the provision of community based packages of support to promote their care and wellbeing, how families are made aware of the support that is available and how they receive money to purchase packages
- (ii) The appropriateness and effectiveness of arrangements for placing children with disabilities in "out of city" residential provision, including residential care homes with and without education
- (iii) The provision of residential short breaks for disabled children and their families and how families are made aware of support available and receive money to purchase placements

3. Witnesses
