It will have a minor positive impact as it makes clear for customers of the service what they can expect from the council, and what is expected from them, when using temporary accommodation. This in turn should see a reduction in ASB from these customers if they do not wish to breach the temporary accommodation agreement.

The aim of the policy is to ensure that people are placed in the most suitable form of temporary accommodation as quickly as possible whilst their homelessness is assessed or whilst they are awaiting a move to permanent

accommodation. It aims to reduce the use of B&B and breakfast, particularly for families, in favour of more appropriate, self-contained accommodation wherever possible.

The policy aims to place households in the type of temporary accommodation most suitable for their needs and outlines the criteria by which suitability is assessed, including consideration for the physical and mental health needs, and emotional wellbeing, of the applicant and their family members. The policy ensures a better quality of life for applicants in priority need by providing accommodation and preventing them from sleeping rough; and for families by prioritising self-contained accommodation over B&Bs for those households.

Many of those who need temporary accommodation are in crisis, often experiencing poverty and/or being out of work. The TA placement policy clearly sets out how the Council will assess the suitability of the accommodation being offered, taking into account the applicants financial situation and the costs they will incur, also in prioritising families for self-contained accommodation.
