

# Integrated Impact Assessment (IIA)

Integrated impact assessment (IIA) form December 2019

[www.portsmouth.gov.uk](http://www.portsmouth.gov.uk)

The integrated impact assessment is a quick and easy screening process. It should:

- identify those policies, projects, services, functions or strategies that could impact positively or negatively on the following areas:
  - Communities and safety
  - Regeneration and culture
  - Environment and public space
  - Equality & - Diversity - This can be found in Section A5

**Directorate:**

Culture, Leisure & Regulatory Services

**Service, function:**

Culture

**Title of policy, service, function, project or strategy (new or old) :**

International Relations Strategy 2020-2025

**Type of policy, service, function, project or strategy:**

- ☐ Existing
- ☒ New / proposed
- ☐ Changed

**What is the aim of your policy, service, function, project or strategy?**

To provide a strategic framework in which the Council's International work can operate.

Has any consultation been undertaken for this proposal? What were the outcomes of the consultations? Has anything changed because of the consultation? Did this inform your proposal?

There was no specific consultation with any of the twin, sister or friendship cities on this strategy as this overarching document will determine the way in which Portsmouth City Council will work as opposed to shaping the way in which the other cities will work. As independent cities with their own governing structures how they respond to any international work will be for their administrations to determine.

The new strategy will support the effective planning and delivery of twinning, sister and friendship city activities many of which are historical and diverse.
