A number of the above schemes such as the replacement of heating systems are likely to achieve savings through reduced maintenance costs, although these savings cannot be quantified

HNB fees in the order of £2,389,503 will be incurred and are included on the schemes detailed above. If approval is given for the individual schemes, approval will also be deemed to have been given to the incurring of fees on those schemes.

Capital expenditure can be financed from capital receipts and any borrowing allowed for the financial year. For the purposes of this financial appraisal it is assumed that these sources of funding will be used for schemes in progress and that new schemes will be financed by Revenue Contributions. The revenue effects on the HRA which will result from implementation of the above schemes are detailed below:
