Service, function:

Transport Planning

Title of policy, service, function, project or strategy (new or old) :

Local Transport Plan (LTP4)

Type of policy, service, function, project or strategy:

- ☐ Existing
- ☒ New / proposed
- ☐ Changed

What is the aim of your policy, service, function, project or strategy?

As the Local Transport Authority, the council has a statutory duty under the Transport Act 2000, as amended by the Local Transport Act 2008, to produce an LTP for the Portsmouth administrative area. The council makes the decision on the time period covered by the Plan and when it is refreshed. However, it is felt appropriate that the plan is prepared alongside the Portsmouth Local Plan covering

the period to 2036.

LTP4 consists of two parts, the overall strategy and the implementation plan. The implementation plan and prioritisation process will be updated to align with the new strategy. LTP 4 will sit alongside the TfSH joint sub regional strategy but it provides the local context, strategy and priorities for Portsmouth.

Has any consultation been undertaken for this proposal? What were the outcomes of the consultations? Has anything changed because of the consultation? Did this inform your proposal?

Whilst no consultation has been carried out to date, internal stakeholder workshops have been undertaken with external stakeholder workshops due to be undertaken soon. Feedback from these workshops will be used to shape the LTP prior to consultation which is due to be undertaken in summer 2020.
