The current position is that all service users are financially assessed in accordance with the Care Act 2014 and related charging regulations. Under this arrangement clients may pay different amounts, but their expected contribution will be based on their individual circumstances.

The comments provided by Legal services within section 11 of the attached Portfolio report, should be considered in deciding whether to reintroduce any financial cap.

Should any financial cap be reintroduced then it is likely to increase the level of disparity, inconsistency and inequality across, and therefore create charging anomalies across different care settings.

In order to minimise the risk that the introduction of the financial cap will create direct discrimination, any financial cap should be equally to services across all client groups. Additionally, the policy should not differentiate on the basis of age or disability.

How are you going to measure/check the impact of your proposal?

Any reinstatement of the financial cap will be conditional upon legal opinion confirming that the implementation of such a cap is not discriminatory in law and that clients with a protected characteristic will not be determined to be
