

Integrated Impact Assessment (IIA)

Integrated impact assessment (IIA) form December 2019

www.portsmouth.gov.uk

The integrated impact assessment is a quick and easy screening process. It should:

- identify those policies, projects, services, functions or strategies that could impact positively or negatively on the following areas:
 - Communities and safety
 - Regeneration and culture
 - Environment and public space
 - Equality & - Diversity - This can be found in Section A5

Directorate:

Regeneration

Service, function:

Planning and Economic Growth

Title of policy, service, function, project or strategy (new or old) :

Seafront Masterplan Supplementary Planning Document

Type of policy, service, function, project or strategy:

- Existing
- New / proposed
- Changed

What is the aim of your policy, service, function, project or strategy?

The Seafront Masterplan Supplementary Planning Document (SM SPD) was adopted in April 2013. It supplements local plan policy PCS9 (the seafront). Both local plan policy PCS9 and the Seafront Masterplan provide guidance on how development in the seafront area should be undertaken, in order to achieve a vision through a range of objectives.

The vision of the Seafront Masterplan SPD is: 'The seafront's natural and historic assets will be protected conserved, and enhanced. The seafront will be a beautiful, functional, sustainable, and resilient place that is healthy, safe, enjoyable, and accessible to all'

Has any consultation been undertaken for this proposal? What were the outcomes of the consultations? Has anything changed because of the consultation? Did this inform your proposal?

Two public consultations have taken place previously in Jul/Aug 2018 and Feb/Mar2019. The first consultation sought to identify issues relating to the seafront, and the second consultation sought feedback on a range of 'challenges and opportunities' for the seafront. Analysis of this second round of public consultation was made and has informed the development of a draft SM SPD. A third consultation is planned for Summer 2020 on the draft SM SPD, where outcomes of the consultation will be taken into consideration before the document is adopted

Is your policy/proposal relevant to the following questions?

A2-Housing - Will it provide good quality homes?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
---	-------------------------------------	--------------------------

In thinking about this question:

- How will it increase good quality affordable housing, including social housing?
- How will it reduce the number of poor quality homes and accommodation?
- How will it produce well-insulated and sustainable buildings?
- How will it provide a mix of housing for different groups and needs?

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

The SM SPD identifies and signposts development opportunity areas, some of which may have residential development opportunity. Any development proposal for such sites, or any other site, would be subject to the usual Development Management process, where it would be assessed against the development plan (local plan and SPDs) unless material considerations indicate otherwise.

How are you going to measure/check the impact of your proposal?

This will be measured through the Local Planning Authority Monitoring Report, which shows how planning policies are contributing towards regenerating the city and bringing forward sustainable development, while safeguarding the environment. It sets out what progress has been made in putting together a policy framework for decisions on planning applications and reviews what effect policies are having on the delivery of priorities for the city.
