

# Integrated Impact Assessment (IIA)

Integrated impact assessment (IIA) form December 2019

[www.portsmouth.gov.uk](http://www.portsmouth.gov.uk)

The integrated impact assessment is a quick and easy screening process. It should:

- identify those policies, projects, services, functions or strategies that could impact positively or negatively on the following areas:
  - Communities and safety
  - Regeneration and culture
  - Environment and public space
  - Equality & - Diversity This can be found in Section A5

**Directorate:**

Corporate Services

**Service, function:**

Human Resources

**Title of policy, service, function, project or strategy (new or old) :**

Foundation Living Wage Accreditation

**Type of policy, service, function, project or strategy:**

- Existing
- New / proposed
- Changed

**What is the aim of your policy, service, function, project or strategy?**

To seek approval from Members to become accredited by the Living Wage Foundation as a Living Wage Employer. If the route of accreditation is not agreed, then continuation of paying the Living Wage rate to all PCC employees in line with the rate as set by the Living Wage Foundation will remain.

Accreditation is undertaken by the Living Wage Foundation, a charity which was formed in 2011 through the work of campaigners and employers, and which is an initiative of Citizens UK. The Living Wage Foundation works with employers to help them implement the Living Wage. Those who receive accreditation are awarded with the Living Wage Employer mark.

The council have agreed to pay all PCC staff in line with the Foundation Living Wage rate, including those within schools, where the Board of Governors for the relevant school agrees to do so. In order to gain and maintain accreditation, all Local Maintained (LA) schools must adopt the FLW rate.

By paying the FLW rate, we will be lifting PCC employees out of working poverty and reducing reliance upon state benefits.

The accreditation also covers procurement practice stating that contractors and their subcontractors providing a service on the council's behalf should pay their employees the Living Wage and also meet any annual increases in the Living Wage Rate, but only where employees work for more than 2 or more hours a week or 8 or more weeks in the year.

The implementation of Living Wage will impact more females than males due to the fact that the postholders of the roles affected are predominantly women. Therefore, implementation of the Living Wage will promote equality for women.

How are you going to measure/check the impact of your proposal?

This will be measured against the FLW Accreditation toolkit for the measures that the Council need to take in order to achieve the accreditation.

FLW accreditation does not require that all contracts are uplifted changed straightaway, this can be done over time as and when the contracts come up for renewal or natural break points in the contract. However, it is expected that the Council can demonstrate a planned timeline of when these changes will be made.
