

Integrated Impact Assessment (IIA)

Integrated impact assessment (IIA) form December 2019

www.portsmouth.gov.uk

The integrated impact assessment is a quick and easy screening process. It should:

- identify those policies, projects, services, functions or strategies that could impact positively or negatively on the following areas:
 - Communities and safety
 - Regeneration and culture
 - Environment and public space
 - Equality & - Diversity This can be found in Section A5

Directorate:

Regeneration

Service, function:

Transport

Title of policy, service, function, project or strategy (new or old) :

Clean Air Zone: Consultation Feedback

Type of policy, service, function, project or strategy:

- Existing
- New / proposed
- Changed

What is the aim of your policy, service, function, project or strategy?

To provide an update on the public consultation about the proposed charging Clean Air Zone in Portsmouth and consider how the feedback can be used to inform changes to the CAZ boundary.

Has any consultation been undertaken for this proposal? What were the outcomes of the consultations? Has anything changed because of the consultation? Did this inform your proposal?

Yes- this report has been prepared following the second round of consultation into the CAZ proposals. The feedback from the consultation has been used to make recommendations for changes to the CAZ boundary.

A - Communities and safety

Yes

No

Is your policy/proposal relevant to the following questions?

A1-Crime - Will it make our city safer?

In thinking about this question:

- How will it reduce crime, disorder, ASB and the fear of crime?
- How will it prevent the misuse of drugs, alcohol and other substances?
- How will it protect and support young people at risk of harm?
- How will it discourage re-offending?

No change

How will you measure/check the impact of your proposal?

A - Communities and safety

Yes

No

Is your policy/proposal relevant to the following questions?

A2-Housing - Will it provide good quality homes?

In thinking about this question:

- How will it increase good quality affordable housing, including social housing?
- How will it reduce the number of poor quality homes and accommodation?
- How will it produce well-insulated and sustainable buildings?
- How will it provide a mix of housing for different groups and needs?

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

The CAZ will be implemented in Portsmouth in 2021 to address the harmful concentrations of nitrogen dioxide present in the city. Air pollution is a global public health risk; more harmful than passive smoking. Long-term exposure is linked to reduced life expectancy, increased cardiovascular disease, poor lung function and mental health issues. The impacts of air pollution are felt by everyone, however the elderly, very young and those with pre-existing medical conditions are most likely to be negatively affected. The proposals will reduce air pollution in the city- particularly in locations within the CAZ which is likely to benefit the health of residents and visitors to the city due to reduce exposure to harmful pollutants.

How are you going to measure/check the impact of your proposal?

Air quality monitoring data, Public Health data on hospital admissions and mortality data for cardio-pulmonary diseases, stroke and cancers, as well as data on incidence of asthma in children.

A - Communities and safety

Yes

No

Is your policy/proposal relevant to the following questions?

A4-Income deprivation and poverty-Will it consider income deprivation and reduce poverty?

In thinking about this question:

- How will it support those vulnerable to falling into poverty; e.g., single working age adults and lone parent households?
- How will it consider low-income communities, households and individuals?
- How will it support those unable to work?
- How will it support those with no educational qualifications?

The full business case for the proposed CAZ will be accompanied by a full distributional analysis assessment. This assessment considered the economic impact of the proposal, particularly in regard to low income communities. PCC has already secured £1.4million from government's Clean Air Fund to be able to offer financial support for upgrade/ retrofit of vehicles for those least able to afford to upgrade to meet the CAZ requirements.

How are you going to measure/check the impact of your proposal?
Applicants for financial support packages, number of non-compliant vehicles entering the CAZ, continued engagement with business/ self employed community.

A - Communities and safety

Yes

No

Is your policy/proposal relevant to the following questions?

A5-Equality & diversity - Will it have any positive/negative impacts on the protected characteristics?

In thinking about this question:

- How will it impact on the protected characteristics-Positive or negative impact (Protected characteristics under the Equality Act 2010, Age, disability, race/ethnicity, Sexual orientation, gender reassignment, sex, religion or belief, pregnancy and maternity, marriage and civil partnership,socio-economic)
- What mitigation has been put in place to lessen any impacts or barriers removed?
- How will it help promote equality for a specific protected characteristic?

If you want more information contact gina.perryman@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/cmu-equality-strategy-2019-22-final.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

Whilst research and consultation undertaken to date does not demonstrate that any of the protected groups would be specifically negatively affected by the proposals to implement a charging clean air zone Class B, there is nothing to demonstrate that the proposals will specially promote equality. Further work is being undertaken to consider the impacts of the proposals in the form of a distributional analysis which will be submitted with the full business case for the CAZ.

How are you going to measure/check the impact of your proposal?
Applicants for financial support packages, continued engagement with business/ self employed community, proportion of wheelchair accessible vehicles in the local taxi/PHV fleet.

B - Environment and climate change

Yes

No

Is your policy/proposal relevant to the following questions?

B1-Carbon emissions - Will it reduce carbon emissions?

In thinking about this question:

- How will it reduce greenhouse gas emissions?
- How will it provide renewable sources of energy?
- How will it reduce the need for motorised vehicle travel?
- How will it encourage and support residents to reduce carbon emissions?

If you want more information contact Tristan.thorn@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/cmu-sustainability-strategy.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

Motor vehicle traffic contributes a significant amount of CO2 to the city's emissions. The purpose of the CAZ is to reduce NO2 emissions from vehicles by encouraging fewer trips and use of cleaner vehicles. Such action will also have a benefit for CO2 emissions.

How are you going to measure/check the impact of your proposal?
Number of non-compliant vehicles entering the CAZ, air quality monitoring, traffic counts.

B - Environment and climate change

Yes

No

Is your policy/proposal relevant to the following questions?

B2-Energy use - Will it reduce energy use?

In thinking about this question:

- How will it reduce water consumption?
- How will it reduce electricity consumption?
- How will it reduce gas consumption?
- How will it reduce the production of waste?

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

The CAZ is likely to lead to a reduction in vehicle journeys and use of more efficient vehicles.

How are you going to measure/check the impact of your proposal?
Euro standards of vehicles entering the CAZ

B - Environment and climate change

Yes

No

Is your policy/proposal relevant to the following questions?

B3 - Climate change mitigation and flooding-Will it proactively mitigate against a changing climate and flooding?

In thinking about this question:

- How will it minimise flood risk from both coastal and surface flooding in the future?
- How will it protect properties and buildings from flooding?
- How will it make local people aware of the risk from flooding?
- How will it mitigate for future changes in temperature and extreme weather events?

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

No direct impact

How are you going to measure/check the impact of your proposal?

B - Environment and climate change

Yes

No

Is your policy/proposal relevant to the following questions?

B4-Natural environment-Will it ensure public spaces are greener, more sustainable and well-maintained?

In thinking about this question:

- How will it encourage biodiversity and protect habitats?
- How will it preserve natural sites?
- How will it conserve and enhance natural species?

If you want more information contact Daniel.Young@portsmouthcc.gov.uk or go to:

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

No direct impact

How are you going to measure/check the impact of your proposal?

B - Environment and climate change

Yes

No

Is your policy/proposal relevant to the following questions?

B5-Air quality - Will it improve air quality?

In thinking about this question:

- How will it reduce motor vehicle traffic congestion?
- How will it reduce emissions of key pollutants?
- How will it discourage the idling of motor vehicles?
- How will it reduce reliance on private car use?

If you want more information contact Hayley.Trower@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/env-aq-air-quality-plan-outline-business-case.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

The purpose of the proposal is to make improvements to air quality in Portsmouth in the shortest possible time, to:
- reduce the negative impact that this has on human health and the environment; and
- meet compliance with legal limits for annual concentrations of nitrogen dioxide.

How are you going to measure/check the impact of your proposal?
Air quality monitoring, traffic counts (including numbers and vehicles types), number and euro emissions of vehicles entering the CAZ and elsewhere in the city

B - Environment and climate change

Yes

No

Is your policy/proposal relevant to the following questions?

B6-Transport - Will it improve road safety and transport for the whole community?

In thinking about this question:

- How will it prioritise pedestrians, cyclists and public transport users over users of private vehicles?
- How will it allocate street space to ensure children and older people can walk and cycle safely in the area?
- How will it increase the proportion of journeys made using sustainable and active transport?
- How will it reduce the risk of traffic collisions, and near misses, with pedestrians and cyclists?

If you want more information contact Pam.Turton@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/travel/local-transport-plan-3>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

One of the anticipated benefits of the CAZ is that it is likely to deliver some level of modal shift towards sustainable and active travel.

How are you going to measure/check the impact of your proposal?
Traffic counts (number of vehicle types)

B - Environment and climate change

Yes

No

Is your policy/proposal relevant to the following questions?

B7-Waste management - Will it increase recycling and reduce the production of waste?

In thinking about this question:

- How will it reduce household waste and consumption?
- How will it increase recycling?
- How will it reduce industrial and construction waste?

If you want more information contact Steven.Russell@portsmouthcc.gov.uk or go to:

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

No direct impact

How are you going to measure/check the impact of your proposal?

C - Regeneration of our city

Yes

No

Is your policy/proposal relevant to the following questions?

C1-Culture and heritage - Will it promote, protect and enhance our culture and heritage?

In thinking about this question:

- How will it protect areas of cultural value?
- How will it protect listed buildings?
- How will it encourage events and attractions?
- How will it make Portsmouth a city people want to live in?

If you want more information contact Claire.Looney@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/pln-portsmouth-plan-post-adoption.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

The CAZ will result in cleaner air for everyone- helping Portsmouth remain as a place where people want to live and encourage visitors.

How are you going to measure/check the impact of your proposal?
Monitoring GVA data and visitor numbers/ spend

C - Regeneration of our city

Yes

No

Is your policy/proposal relevant to the following questions?

C2-Employment and opportunities - Will it promote the development of a skilled workforce?

In thinking about this question:

- How will it improve qualifications and skills for local people?
- How will it reduce unemployment?
- How will it create high quality jobs?
- How will it improve earnings?

If you want more information contact Mark.Pembleton@portsmouthcc.gov.uk or go to:

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

No direct impact

How are you going to measure/check the impact of your proposal?

Is your policy/proposal relevant to the following questions?

C3 - Economy - Will it encourage businesses to invest in the city, support sustainable growth and regeneration?

In thinking about this question:

- How will it encourage the development of key industries?
- How will it improve the local economy?
- How will it create valuable employment opportunities for local people?
- How will it promote employment and growth in the city?

If you want more information contact Mark.Pembleton@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/cou-regeneration-strategy.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

The CAZ proposals will result in funding being issued to local businesses to support upgrade/ retrofit of non-compliant vehicles

How are you going to measure/check the impact of your proposal?
Uptake of financial support for upgrade/ retrofit of vehicles.

Q8 - Who was involved in the Integrated impact assessment?
