The community safety plan is a statutory requirement for all local authority areas. The 2021-22 plan pulls together a range of activity across the council and partner organisations designed to address priorities identified by data analysis and community consultation. The plan addresses the underlying drivers for crime, substance misuse and offending - these are complex issues so the impact of the activity is often not immediate but evident over a longer period of time.

How will you measure/check the impact of your proposal?

The Public Health Team will track agreed indicators and report by exception every 6 months to the appropriate sub-groups and the Health and Wellbeing Board.
