

APPENDIX C

Dr. Marie Gault
Seaside
Box 9011

Dear Dr. Hendray,

I am writing to you as I don't have a computer, to give you full support for your venture I remember the walk, as I lived in Milton at that time and I walked with my boys to Seaside beach. We had more money at the end of the beach now that the museum cafe has closed, and only have one choice. Also it will be nice to have an evening event that can be reached on foot. Good luck, I hope that all goes well for you.
