Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

Possibly, in terms of language barriers and understanding how the booking system works.

There are pictorial Comms on the HCC website as to how the booking can be made to overcome language issues. There is also a dedicated call centre for taking bookings for those residents with no access to the Internet or visual impairments.

How are you going to measure/check the impact of your proposal?

The booking system has been in place since 01July 2020, up to date we have had no complaints from residents regarding not being able to book slots at the HWRC.

**B - Environment and climate change**

**Yes**

**No**

Is your policy/proposal relevant to the following questions?

**B1-Carbon emissions** - Will it reduce carbon emissions?

In thinking about this question:

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

Congestion was commonplace at Portsmouth HWRCs on sunny weekends and key public holidays, creating delays on the local road network and increased vehicle emissions from idling cars queuing. The Booking system enables residents to plan with confidence that they can deposit their waste swiftly, easily and with minimal waiting.

How are you going to measure/check the impact of your proposal?  
Feed back from the HWRC site staff in-terms of reduction of queues.

**B - Environment and climate change**

**Yes**

**No**

Is your policy/proposal relevant to the following questions?

**B2-Energy use** - Will it reduce energy use?

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

Yes, it will reduce idling cars queuing to enter the HWRC. Additionally, we can see from data that residents are changing their behaviors of how they use the site. Data shows they are using the site less frequently, but taking bigger loads. This is supported by the tonnage data and visitor numbers recorded at the site when compared to previous years, COVID restrictions are account for.

How are you going to measure/check the impact of your proposal?

We will continue to monitor visitor number and tonnages.

## B - Environment and climate change

Yes

No

Is your policy/proposal relevant to the following questions?

**B6-Transport** - Will it improve road safety and transport for the whole community?

In thinking about this question:

- How will it prioritise pedestrians, cyclists and public transport users over users of private vehicles?
- How will it allocate street space to ensure children and older people can walk and cycle safely in the area?
- How will it increase the proportion of journeys made using sustainable and active transport?
- How will it reduce the risk of traffic collisions, and near misses, with pedestrians and cyclists?

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

Possibly - it will increase road safety for the residents and users of Port Solent through reduction/removal of queuing traffic onto the highway network. It will also allow cyclists to enter the site using the booking system.

How are you going to measure/check the impact of your proposal?

Feed back from the HWRC site staff in-terms of reduction of queues.

## B - Environment and climate change

Yes

No

Is your policy/proposal relevant to the following questions?

**B7-Waste management** - Will it increase recycling and reduce the production of waste?

In thinking about this question:

- How will it reduce household waste and consumption?
