

Appendix C

To the licensing manager,

Following the recent incident at The Duke of Devonshire public house, as a regular patron, I felt compelled to let you know my experience and thoughts on how it is run and my perception of the pub as a whole.

As a woman, I feel perfectly safe and more than happy to come in on a regular basis unaccompanied by my husband. This is because Sam and Tom have created and maintain a safe, welcoming environment where the locals enjoy each others company.

The Duke is a vital part of my social circle and I come in almost daily to relax and enjoy the company of my friends.

On the rare occasion I have witnessed any disruption, this has always been dealt with quickly and professionally by Tom, Sam and the staff and never once have I felt unsafe.

The Duke of Devonshire is a lovely, true local pub, and the only place I choose to spend my time for this reason.

If you wish to contact me for any more detail then please do, The Duke, Tom and Sam have and always will have my full support. They are excellent at what they do.

Miss Natalie Kimber
