

APPENDIX C

To: The Duke of Devonshire
Albert Rd
Southsea

For the attention of the Licensing Manager

I am writing to confirm that I have always found the Duke of Devonshire to be a friendly pub, where Sam + Tom have worked very hard to make sure they have followed all guidelines for Covid. They have ensured that all the staff have served drinks to tables and that the pub hasn't been too crowded.

I do know they have had some trouble with a small number of drinkers who don't regularly visit but who, seem to want to cause trouble for them. I have seen both of them deal firmly but calmly with these difficult troublemakers.

I feel very sorry that they are facing a review of their licence and they don't deserve to be in this situation having worked so

hard to make the pub such a popular place to be, encouraging new life and people to the area. I hope to hear that, with a very quick response to the situation they are in, and the immediate measures they have put in place; they are back behind the bar, welcoming their regulars back in to their pub, in their usual confident + friendly way.

Yours sincerely
