

Integrated Impact Assessment (IIA)

Integrated impact assessment (IIA) form December 2019

www.portsmouth.gov.uk

The integrated impact assessment is a quick and easy screening process. It should:

- identify those policies, projects, services, functions or strategies that could impact positively or negatively on the following areas:
 - Communities and safety
 - Regeneration and culture
 - Environment and public space
 - Equality & - Diversity - This can be found in Section A5

Directorate:

Regeneration

Service, function:

Safer Travel

Title of policy, service, function, project or strategy (new or old) :

Portsmouth City Council Safer Routes To School LTP 20-21

Type of policy, service, function, project or strategy:

- Existing
- New / proposed
- Changed

What is the aim of your policy, service, function, project or strategy?

To make routes to school safer for pupils, by installing infrastructure to make active travel safer, increase confidence in active travel, for example installing VAS signage to reduce speed along the route, zebra crossings, pedestrian refuge islands etc.

Has any consultation been undertaken for this proposal? What were the outcomes of the consultations? Has anything changed because of the consultation? Did this inform your proposal?

No consultation has yet been undertaken - consultation will be undertaken as part of any formal TRO process required to facilitate the proposed changes

A - Communities and safety

Yes

No

Is your policy/proposal relevant to the following questions?

A1-Crime - Will it make our city safer?

In thinking about this question:

- How will it reduce crime, disorder, ASB and the fear of crime?
- How will it prevent the misuse of drugs, alcohol and other substances?
- How will it protect and support young people at risk of harm?
- How will it discourage re-offending?

If you want more information contact Lisa.Wills@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/cou-spp-plan-2018-20.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

The safer routes infrastructure implemented at key routes to school will reduce the likelihood of motorists driving at speeds in excess of the legal limit, and reduce the potential for traffic collisions along the route.

How will you measure/check the impact of your proposal?

Accident data and feedback from school/pupils/parents, can be monitored post scheme implementation.

A - Communities and safety

Yes

No

Is your policy/proposal relevant to the following questions?

A2-Housing - Will it provide good quality homes?

In thinking about this question:

- How will it increase good quality affordable housing, including social housing?
- How will it reduce the number of poor quality homes and accommodation?
- How will it produce well-insulated and sustainable buildings?
- How will it provide a mix of housing for different groups and needs?

If you want more information contact Daniel.Young@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/psh-providing-affordable-housing-in-portsmouth-april-19.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

There are no negative impacts that will result from increasing routes to schools' safety, safer places to cross for vulnerable pedestrians and reduced speeds driven along the route. Increased route safety can in turn improve

the quality of the homes in the vicinity and provide alternative travel options for residents who do not wish to utilise public or private motorised transport.

How are you going to measure/check the impact of your proposal?

All schemes will have casualty data and automated speed survey data (including traffic counts) monitored before and after implementation.

A - Communities and safety

Yes

No

Is your policy/proposal relevant to the following questions?

A3-Health - Will this help promote healthy, safe and independent living?

In thinking about this question:

- How will it improve physical and mental health?
- How will it improve quality of life?
- How will it encourage healthy lifestyle choices?
- How will it create healthy places? (Including workplaces)

If you want more information contact Dominique.Letouze@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/cons-114.86-health-and-wellbeing-strategy-proof-2.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

By reducing risk and increasing confidence in the transport network, we will support residents who wish to make the switch towards active modes of travel. Active travel, particularly when incorporated into the school run, contributes to key public health outcomes including improved activity levels and reducing the number of residents leading sedentary lifestyles. Making these changes around schools and supporting an active school run will help to foster healthy travel behaviours from an early age. The social and physical impacts of an active school run will contribute to improved mental and physical health.

How are you going to measure/check the impact of your proposal?

Monitoring and reducing accidents along the route, and facilitating levels of safer active travel, in turn could lead to greater physical and mental health, and safety within the city.

A - Communities and safety

Yes

No

Is your policy/proposal relevant to the following questions?

A4-Income deprivation and poverty-Will it consider income deprivation and reduce poverty?

In thinking about this question:

- How will it support those vulnerable to falling into poverty; e.g., single working age adults and lone parent households?
- How will it consider low-income communities, households and individuals?
- How will it support those unable to work?
- How will it support those with no educational qualifications?

If you want more information contact Mark.Sage@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/cou-homelessness-strategy-2018-to-2023.pdf>
<https://www.portsmouth.gov.uk/ext/health-and-care/health/joint-strategic-needs-assessment>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

Improving active travel will benefit low-income households by providing a safer range of affordable travel options.

How are you going to measure/check the impact of your proposal?
This will be checked by measuring the uptake in active and sustainable travel.

A - Communities and safety

Yes

No

Is your policy/proposal relevant to the following questions?

A5-Equality & diversity - Will it have any positive/negative impacts on the protected characteristics?

In thinking about this question:

- How will it impact on the protected characteristics-Positive or negative impact (Protected characteristics under the Equality Act 2010, Age, disability, race/ethnicity, Sexual orientation, gender reassignment, sex, religion or belief, pregnancy and maternity, marriage and civil partnership,socio-economic)
- What mitigation has been put in place to lessen any impacts or barriers removed?
- How will it help promote equality for a specific protected characteristic?

If you want more information contact gina.perryman@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/cmu-equality-strategy-2019-22-final.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

The project will have no impact on the protected characteristics, and have a positive impact providing safer routes and crossing points for vulnerable pedestrians, wheelchair users and make the active travel network more accessible to disabled and less mobile users.

How are you going to measure/check the impact of your proposal?

N/A

B - Environment and climate change

Yes

No

Is your policy/proposal relevant to the following questions?

B1-Carbon emissions - Will it reduce carbon emissions?

In thinking about this question:

- How will it reduce greenhouse gas emissions?
- How will it provide renewable sources of energy?
- How will it reduce the need for motorised vehicle travel?
- How will it encourage and support residents to reduce carbon emissions?

If you want more information contact Tristan.thorn@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/cmu-sustainability-strategy.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

The project may encourage greater incidence of safer, active travel, which may in turn reduce dependence on motorised vehicle travel, thereby reducing carbon emissions.

How are you going to measure/check the impact of your proposal?

The progress will be measured using the data released by the Department for Business, Energy & Industrial Strategy (BEIS). The strategy also proposes holding a carbon audit of PCC which will be used to review the progress of the council itself.

B - Environment and climate change

Yes

No

Is your policy/proposal relevant to the following questions?

B2-Energy use - Will it reduce energy use?

In thinking about this question:

- How will it reduce water consumption?
- How will it reduce electricity consumption?
- How will it reduce gas consumption?
- How will it reduce the production of waste?

If you want more information contact Triston.thorn@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/pln-portsmouth-plan-post-adoption.pdf>

<https://democracy.portsmouth.gov.uk/documents/s24685/Home%20Energy%20Appendix%201%20-%20Energy%20and%20water%20at%20home%20-%20Strategy%202019-25.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

Greater and safer active travel will reduce reliance on motorised travel, and associated energy consumption.

How are you going to measure/check the impact of your proposal?

Counts of all modes of transport pre and post installation in order to document any switch to active modes; survey of stakeholders before and after.

B - Environment and climate change

Yes

No

Is your policy/proposal relevant to the following questions?

B3 - Climate change mitigation and flooding-Will it proactively mitigate against a changing climate and flooding?

In thinking about this question:

- How will it minimise flood risk from both coastal and surface flooding in the future?
- How will it protect properties and buildings from flooding?
- How will it make local people aware of the risk from flooding?
- How will it mitigate for future changes in temperature and extreme weather events?

If you want more information contact Tristan.thorn@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/env-surface-water-management-plan-2019.pdf>

<https://www.portsmouth.gov.uk/ext/documents-external/cou-flood-risk-management-plan.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

Carbon induced climate change is directly linked to the increased threat of flooding in the city. Greater active travel, encouraged by safer crossing points, reduced driving speed and greater safety along the route, would reduce the city's carbon emissions will help to negate further long-term threats from flooding.

How are you going to measure/check the impact of your proposal?
The measures will be based on reported carbon emissions from the BEIS report.

B - Environment and climate change

Yes

No

Is your policy/proposal relevant to the following questions?

B4-Natural environment-Will it ensure public spaces are greener, more sustainable and well-maintained?

In thinking about this question:

- How will it encourage biodiversity and protect habitats?
- How will it preserve natural sites?
- How will it conserve and enhance natural species?

If you want more information contact Daniel.Young@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/pln-solent-recreation-mitigation-strategy-dec-17.pdf>

<https://www.portsmouth.gov.uk/ext/documents-external/pln-portsmouth-plan-post-adoption.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

N/A

How are you going to measure/check the impact of your proposal?

N/A

B - Environment and climate change

Yes

No

Is your policy/proposal relevant to the following questions?

B5-Air quality - Will it improve air quality?

In thinking about this question:

- How will it reduce motor vehicle traffic congestion?
- How will it reduce emissions of key pollutants?
- How will it discourage the idling of motor vehicles?
- How will it reduce reliance on private car use?

If you want more information contact Hayley.Trower@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/env-aq-air-quality-plan-outline-business-case.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

By encouraging safer walking and cycling the city's motor based traffic will be reduced, and consequently the air quality will be improved.

How are you going to measure/check the impact of your proposal?

Air quality will not be directly measured as a result of this project. However car use, and usage of alternative modes will be measured

B - Environment and climate change

Yes

No

Is your policy/proposal relevant to the following questions?

B6-Transport - Will it improve road safety and transport for the whole community?

In thinking about this question:

- How will it prioritise pedestrians, cyclists and public transport users over users of private vehicles?
- How will it allocate street space to ensure children and older people can walk and cycle safely in the area?
- How will it increase the proportion of journeys made using sustainable and active transport?
- How will it reduce the risk of traffic collisions, and near misses, with pedestrians and cyclists?

If you want more information contact Pam.Turton@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/travel/local-transport-plan-3>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

Measures proposed within this budget will achieve the following:

Reduction in motorised traffic speeds

Increased awareness among road users and reduced risk of collision by improving behaviours at key sites

Reallocation of road space to active modes

Improved accessibility for vulnerable road users - shorter crossing distances, safer cycle lanes

How are you going to measure/check the impact of your proposal?

This will be measured by reviewing annual road usage statistics and the amount of car accidents, pedestrians or cyclists which are

killed or seriously injured along the routes. Stakeholders in the area will be surveyed to assess whether attitudes towards active modes have been improved by the proposed changes

B - Environment and climate change

Yes

No

Is your policy/proposal relevant to the following questions?

B7-Waste management - Will it increase recycling and reduce the production of waste?

In thinking about this question:

- How will it reduce household waste and consumption?
- How will it increase recycling?
- How will it reduce industrial and construction waste?

If you want more information contact Steven.Russell@portsmouthcc.gov.uk or go to:

<https://documents.hants.gov.uk/mineralsandwaste/HampshireMineralsWastePlanADOPTED.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

N/A

How are you going to measure/check the impact of your proposal?

N/A

C - Regeneration of our city

Yes

No

Is your policy/proposal relevant to the following questions?

C1-Culture and heritage - Will it promote, protect and enhance our culture and heritage?

In thinking about this question:

- How will it protect areas of cultural value?
- How will it protect listed buildings?
- How will it encourage events and attractions?
- How will it make Portsmouth a city people want to live in?

If you want more information contact Claire.Looney@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/pln-portsmouth-plan-post-adoption.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

By supporting a more active school run, more opportunities will be facilitated for community based interaction, both around schools and their wider communities. This in turn may help to encourage local events and community driven culture, with schools as social hubs within the wider community.

How are you going to measure/check the impact of your proposal?
Attitude surveys of residents and parents before and after implementation

C - Regeneration of our city

Yes

No

Is your policy/proposal relevant to the following questions?

C2-Employment and opportunities - Will it promote the development of a skilled workforce?

In thinking about this question:

- How will it improve qualifications and skills for local people?
- How will it reduce unemployment?
- How will it create high quality jobs?
- How will it improve earnings?

If you want more information contact Mark.Pembleton@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/cou-regeneration-strategy.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

N/A

How are you going to measure/check the impact of your proposal?

C - Regeneration of our city

Yes

No

Is your policy/proposal relevant to the following questions?

C3 - Economy - Will it encourage businesses to invest in the city, support sustainable growth and regeneration?

In thinking about this question:

- How will it encourage the development of key industries?
- How will it improve the local economy?
- How will it create valuable employment opportunities for local people?
- How will it promote employment and growth in the city?

If you want more information contact Mark.Pembleton@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/cou-regeneration-strategy.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

Providing safer routes to school for sustainable, active travel, over solely providing car dominated space, will contribute to the vibrancy of the city. Large retail parks and superstores on the outskirts of the city, which are not serviced by public transport, may be impacted by reduced custom. Providing safer infrastructure for walking and cycling will encourage residents to spend more time on their local high street and shop at local businesses.

The low carbon economy has been identified as a growth opportunity for the UK and is forecast to grow from 2% of the UK's total output today to 13% by 2050. Pursuing low-carbon growth and industry will encourage manufacturing, engineering and economic growth in the city.

How are you going to measure/check the impact of your proposal?

This can be measured by attitude surveys and/or broader city-wide travel data. Economic growth in the low-carbon sector can also be reviewed.

Q8 - Who was involved in the Integrated impact assessment?

Joanna Hamment
