

Integrated Impact Assessment (IIA)

Integrated impact assessment (IIA) form December 2019

www.portsmouth.gov.uk

The integrated impact assessment is a quick and easy screening process. It should:

- identify those policies, projects, services, functions or strategies that could impact positively or negatively on the following areas:
 - Communities and safety
 - Regeneration and culture
 - Environment and public space
 - Equality & - Diversity - This can be found in Section A5

Directorate:

Regeneration

Service, function:

Safer Travel

Title of policy, service, function, project or strategy (new or old) :

East West Active Travel Corridor Phase 3

Type of policy, service, function, project or strategy:

- ☐ Existing
- ☒ New / proposed
- ☐ Changed

What is the aim of your policy, service, function, project or strategy?

To provide accessible, continuous, safe and attractive pedestrian and cycling infrastructure between Isambard Brunel Road roundabout and Guildhall Walk as part of the wider EWATC between Fratton and The Hard, in line with PCC's Local Transport Plan.

Has any consultation been undertaken for this proposal? What were the outcomes of the consultations? Has anything changed because of the consultation? Did this inform your proposal?

Yes. Internal and external consultation has been undertaken including transport managers, leader, portfolio holder and ward councillor briefings, and public consultation including online briefings and online stakeholder engagement meetings. The internal consultation informed some significant changes to the route of the scheme, while we wait the outcome of the external public consultation survey.

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

Improving the walking and cycling infrastructure will make a meaningful contribution to the Council's work in encouraging more active travel, especially with this route moving through two of the most deprived wards and on a primary route into the Clean Air Zone, while also contributing to healthier streets and healthy places.

How are you going to measure/check the impact of your proposal?

Cycle surveys before and after implementation of the scheme is carried out.

A - Communities and safety

Yes

No

Is your policy/proposal relevant to the following questions?

A4-Income deprivation and poverty-Will it consider income deprivation and reduce poverty?

In thinking about this question:

- How will it support those vulnerable to falling into poverty; e.g., single working age adults and lone parent households?
- How will it consider low-income communities, households and individuals?
- How will it support those unable to work?
- How will it support those with no educational qualifications?

<https://www.portsmouth.gov.uk/ext/documents-external/cmu-equality-strategy-2019-22-final.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

Improved pedestrian and cycling facilities include segregation of pedestrians and cyclists, improved junction crossings and dropped kerbs, including upgraded facilities for the visually impaired/partially sighted. This will have a benefit for all who depend on walking and cycling as well as other means including mobility aids such as mobility scooters, walking frames, rollators, and wheelchairs as well as for those traveling with pushchairs. Specifically, changes to disabled parking bays at St James's Road will have a direct positive impact for disabled vehicle users.

How are you going to measure/check the impact of your proposal?

Various data sources including 'Widen My Path', Routes4U, accident data, and future monitoring of accessibility will help understand the impact of this scheme.

B - Environment and climate change**Yes****No**

Is your policy/proposal relevant to the following questions?

B1-Carbon emissions - Will it reduce carbon emissions?

In thinking about this question:

- How will it reduce greenhouse gas emissions?
- How will it provide renewable sources of energy?
- How will it reduce the need for motorised vehicle travel?
- How will it encourage and support residents to reduce carbon emissions?

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

Promoting active travel will have a direct benefit to supporting those who would consider using active means of travel over the car for some or all of their local journeys in the city.

How are you going to measure/check the impact of your proposal?
Cycle and traffic surveys in and around the scheme before and after the work is complete.

B - Environment and climate change**Yes****No**

Is your policy/proposal relevant to the following questions?

B2-Energy use - Will it reduce energy use?

In thinking about this question:

- How will it reduce water consumption?
- How will it reduce electricity consumption?
- How will it reduce gas consumption?
- How will it reduce the production of waste?

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

Promoting active travel will have a direct benefit to supporting those who would consider using active means of travel over the car for some or all of their local journeys in the city.

How are you going to measure/check the impact of your proposal?

Engage with the Air Quality team to identify trends in local air quality in locations around the scheme where monitoring is available, and collate that data with before and after cycle surveys along the scheme.

B - Environment and climate change**Yes****No**

Is your policy/proposal relevant to the following questions?

B6-Transport - Will it improve road safety and transport for the whole community?

In thinking about this question:

- How will it prioritise pedestrians, cyclists and public transport users over users of private vehicles?
- How will it allocate street space to ensure children and older people can walk and cycle safely in the area?
- How will it increase the proportion of journeys made using sustainable and active transport?
- How will it reduce the risk of traffic collisions, and near misses, with pedestrians and cyclists?

If you want more information contact Pam.Turton@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/travel/local-transport-plan-3>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

This is an active travel scheme which aims to support travel for pedestrians and cyclists, whilst helping maintain access to bus services. In complying as much as possible with LTN1/20 design guidance the scheme will offer improved prioritisation to active travel over car journeys, make crossings and junctions safer for pedestrians and cyclists, improve movement/reduce conflict between pedestrians and cyclists and enhance the condition of the environment further away from a dominance of and dependence on car travel, providing further opportunities in the future to further develop this environment.

How are you going to measure/check the impact of your proposal?

Cycle surveys before and after implementation of the scheme.

B - Environment and climate change

Yes

No

Is your policy/proposal relevant to the following questions?

B7-Waste management - Will it increase recycling and reduce the production of waste?

☐☒

In thinking about this question:

- How will it reduce household waste and consumption?
- How will it increase recycling?
- How will it reduce industrial and construction waste?

C - Regeneration of our city

Yes

No

Is your policy/proposal relevant to the following questions?

C1-Culture and heritage - Will it promote, protect and enhance our culture and heritage?

In thinking about this question:

- How will it protect areas of cultural value?
- How will it protect listed buildings?
- How will it encourage events and attractions?
- How will it make Portsmouth a city people want to live in?

If you want more information contact Claire.Looney@portsmouthcc.gov.uk or go to:

<https://www.portsmouth.gov.uk/ext/documents-external/pln-portsmouth-plan-post-adoption.pdf>

Please expand on the impact your policy/proposal will have, and how you propose to mitigate any negative impacts?

The measures seek to protect and enhance the city's cultural capital by respecting the buildings and features it runs past, through sympathetic design and encouraging a continued revitalisation of the public realm.

How are you going to measure/check the impact of your proposal?
Further stakeholder engagement in the future will seek to understand the public's perception and experience of the scheme in how it contributes to the heritage and life of the area it passes through.

C - Regeneration of our city

Yes

No

Is your policy/proposal relevant to the following questions?

C2-Employment and opportunities - Will it promote the development of a skilled workforce?

In thinking about this question:

- How will it improve qualifications and skills for local people?
- How will it reduce unemployment?
- How will it create high quality jobs?
- How will it improve earnings?
