

NOTICE OF MOTION D

In sourcing

In Council resolves paragraph 1 line 3 after the word council add 'or by either voluntary of community sector'

In line 4 after the word insourcing add 'or by the voluntary and community sector'

So the new paragraph would read -

1. To develop and introduce an 'Insourcing First' policy that makes an assumption that all local authority services should be delivered in-house by the council or by the voluntary and community sector and that all expiring contracts should be considered for insourcing, or by the voluntary and community sector unless there are strong countervailing reasons not to (eg the need for independence to prevent a conflict of interest).

Proposed by Leader, Cllr Gerald Vernon Jackson

Seconded by Cllr Suzy Horton
