

Appendix D

22/01282/LAREVI

As a publican and local business person in Southsea since 1994 I have known Albert for all of this time.

Albert has always been a prominent member of the community doing lots of work for local charities and always supporting charity nights that I have done with vouchers etc. He has also always supported the Mayor and the Town council unwaveringly.

He led a delegation to China recently and has helped to put Portsmouth on the map. Albert is a local hero.

I believe that Albert understands licensing and should not lose his licence - I do not believe that The Police or the local council have had any concerns so I think that a national body should not be calling for revocation of a licence.
