In accordance with the policy intention from DLUHC, the policy will provide a one-off discretionary support payment to domestic energy payers, who are not eligible for support from the Council Tax Rebate scheme. In addition, consideration may be given to provide a further top up payment to those who do receive the Council Tax Rebate but are in financial hardship

How are you going to measure/check the impact of your proposal?

Whilst the policy is local, it is structured within parameters defined by DLUHC. The relatively low level of support is only likely to make a short term impact, as part of the package of support provided by government. The number and value of awards will be monitored, and routinely reported via DLUHC.
