Integrated impact assessment (IIA) form December 2019

www.portsmouth.gov.uk

The integrated impact assessment is a quick and easy screening process. It should:

- identify those policies, projects, services, functions or strategies that could impact positively or negatively on the following areas:
 - Communities and safety
 - Regeneration and culture
 - Environment and public space
 - Equality & - Diversity This can be found in Section A5

Directorate:

Regeneration

Service, function:

Transport Planning

Title of policy, service, function, project or strategy (new or old) :

Rapid electric vehicle (EV) chargepoints for taxi/ private hire vehicles(PHVs)

Type of policy, service, function, project or strategy:

- Existing
- New / proposed
- Changed

What is the aim of your policy, service, function, project or strategy?

The installation of rapid EV chargers in off-street car parks for use by the taxi and phv trade, supporting their conversion to lower emission vehicles following the launch of the Clean Air Zone. With consideration to opening use of the chargepoints to the general public if their is not demand from the

taxi and phv trade.

Has any consultation been undertaken for this proposal? What were the outcomes of the consultations? Has anything changed because of the consultation? Did this inform your proposal?

The taxi / PHV trade had been notified of the installation of the rapid chargepoint in Stubbington Avenue and were invited to register to use it. Officers had been closely monitoring the usage of the charger since installation. The usage has been very low, indicating that the demand from taxis and private hire vehicles trade is very low.
