1. Requested by Director of Public Health

2. Purpose

2.1 To note that the Director of Public Health is publishing her statutory Annual Report 2021/22, attached as Appendix A and available on the [JSNA page](#) of the PCC website. This year's report provides a Joint Strategic Needs Assessment (JSNA) Annual Summary for Portsmouth.

2.2 The Public Health Annual Report 2021/22 sets out the key demographic and health characteristics of Portsmouth. It also provides a baseline position to inform our recovery plans as we move out of acute phase of the pandemic and begin 'Living With Covid'. An Executive Summary highlighting key data about health needs in the city is being produced to provide an accessible overview for wider audiences. It will be available on the JSNA website.

The full report at Appendix A provides detailed data and analysis of the population of Portsmouth and their health needs. This in effect acts as a summary of the city's JSNA and can be used by a range of stakeholders to inform strategies and service delivery. The report is underpinned by further analysis of specific topics that are available on request from the Public Health Intelligence team or by emailing jsna@portsmouthcc.gov.uk.
